

# Sign-up TODAY for the Student + Parent Portal

Your student's "Official Sarasota County Report Card" is now on the Student + Parent Portal and can be printed as needed for your reference. We are asking all parents/legal guardians to create an account.

To get started, use an Internet connection (Comcast, Verizon, Bright House...etc.) web browser, and enter the following web address:

<https://parentportal.sarasotacountyschools.net>

From here you can sign in using your current "User Name" and "Password". If you are a new user, you can create a new account. Instructions on how to create an account are available in the Portal using the link as shown below.

Accessing the Portal will allow you to see the courses your student is assigned to and the names of all their teachers with access to email them directly. You will also be able to see your student's assignments, grades, and attendance.
