

SARASOTA COUNTY SCHOOLS 2009 Student-Parent Information Nights (SPIN)

Take your new high school out for a SPIN! Explore small learning communities, major areas of interest, career & technical education, scheduling, graduation requirements, extracurricular activities and much more.

Each of the high schools listed below will host a Student-Parent Information Night to answer all of your questions.

SPIN events last at least one hour. Some information is presented more than once but students and parents are encouraged to arrive at the starting time. Please note the date and attend the session hosted by your districted high school. Have a great 2009-2010 academic year!
