Description of how council membership reflects ethnic/racial and socioeconomic community served by the school and of efforts to include them:

The School Advisory Council members are close to reflecting the ethnic/racial community served by the school. SAC always attempts to be within a 10 percent difference in the percentage for each minority sub-group as compared to the school. SAC is hopeful to recruit more Hispanic members.

**Describe the election process of each group except "other citizens." For this group, describe the selection process.**
