Description of how council membership reflects ethnic/racial and socioeconomic community served by the school and of efforts to include them:

All parents are given the opportunity to nominate or be nominated to serve on the SAC. Based on the number of nominations returned, elections are held to determine those individuals to serve in this capacity. This year, there was no need for an election.

Describe the election process of each group except "other citizens". For this group, describe the selection process.

#### Teachers

The SAC Operational Guidelines allow for the following: teachers (1 primary K-2 and 1 intermediate 3-5), support employee (1), parents (3), and business/community member (1). The representatives were elected by team members to serve an annual term. If a vacancy is created during the school year, members elect a new representative to serve out the term.

#### Classified

One SAC member represents all of the classified personnel. The recording secretary will serve as the support employee as no support employees volunteered and no election took place. If a vacancy is created during the school year, classified personnel can elect a new representative to serve out the term.

#### Parents

SAC representation information is distributed to all parents providing them the opportunity to volunteer to serve. If necessary, a ballot is then compiled from these volunteers and sent home to all parents and the new parent representatives are elected by majority vote.

#### Other Citizen

Volunteers are solicited from business parents via the Business Partner Coordinators. The principal makes the final decision on individual(s) who will serve on SAC in the capacity of community/business representative.

#### Students

Not required for elementary schools.

#### Chairperson

The chairperson is elected by consensus of all SAC members at one of the first SAC meetings of the year.
