Contractor Information

Contractor Name:

Contractor License #:

Contact Name:

Contact Phone #:

Contact Email:

Additional Contact Emails:

Contractor's Signature:

If the construction activity involves any renovation, remodeling or demolition, on an existing building a separate demolition permit application is required and an asbestos survey by a licensed asbestos consultant shall be submitted. Only after complete plans & applicable information listed above have been received shall the application be accepted. No work shall commence until a Sarasota County School District Building Permit is issued.

Threshold Buildings:

F.S. - 553.79 Permits; applications; issuance; inspections.-- (d) All plans for the building which are required to be signed and sealed by the architect or engineer of record contain a statement that, to the best of the architect's or engineer's knowledge, the plans and specifications comply with the applicable minimum building codes and the applicable fire safety standards as determined by the local authority in accordance with this chapter and chapter 633.

Issuance of a Building Permit is NOT a license to exceed the Scope of Work listed on the Permit Application. Any change to the scope of work must be first approved by the building official, and the scope of work list on the permit must be corrected.
