Approval by the Owner and the Design Professional of substitute goods, products, materials, equipment or systems does not mean or imply final acceptance by the Owner and the Design Professional if such items should be defective or not as previously represented. Should the CM furnish any approved goods, products, materials, equipment or systems different from or in addition to those required by the Construction Documents which require supplemental materials or installation procedures different from or in addition to those required for specified items, the CM shall provide such at no increased cost to the Owner.

9.1.3 When requested to do so, the CM shall prepare and submit to the Design Professional drawings, specifications or other data in support of a change order request.

9.1.4 Each change order shall include time and monetary impacts of the change, whether the change order is considered alone or with all other changes during the course of the Project.

9.2 Owner Directed Changes. The Owner may unilaterally direct the CM to implement changes in the Work so long as the Work the Owner is requiring is not outside of the general scope of this Contract, and the CM, upon written direction from the Owner, shall proceed with such change.

9.3 Design Professional Directed Changes. The Design Professional, without the Owner's prior approval, may authorize or direct the CM to make minor changes in the Work which are consistent with the intent of the Construction Documents and which do not involve a change in Project cost, time for construction, scope, or approved design elements, and the CM shall promptly carry out such changes. Any such minor changes shall be implemented by written Supplemental Instruction and executed by the CM.

9.4 Administration Of Changes. The Design Professional will administer and manage all change order requests and change orders and will prepare required drawings, specifications and other supporting data as necessary in connection with minor changes, change order requests and change orders.

9.5.1 If price quotations for change order requests are determined by the Design Professional to be unreasonable, the CM shall, in writing, justify said quotations or provide additional back-up materials. If after review of the additional information the Design Professional determines the quotation is unreasonable, the Owner may determine the reasonable cost of the change.

9.5.2 Unless otherwise specifically permitted by this Contract, the CM and its subcontractors and suppliers shall be allowed no additional compensation for any costs, fees or expenses incurred in performing services already required by this Contract, and shall not be entitled to additional reimbursement for home-office, other non-job-site or indirect overhead expenses, or tools necessary for construction.

9.5.3 It is the responsibility of the CM to review and approve all pricing of additional work required of its subcontractors and suppliers.

9.6 Performance Of Changes. Upon receipt of a field order or change order, changes in the Work shall be promptly performed. All changes in the Work shall be performed under applicable conditions of the Construction Documents.

9.7 Disputes Regarding Changes.

9.7.1 Regardless if there is a dispute (i) that a change has occurred; (ii) whether a change in the Work will result in adjustment of compensation or applicable schedules; or (iii) as to the amount of any adjustment of compensation or applicable schedules, the change shall be carried out if the Owner so directs. No claim shall be prejudiced by performance of the Work so long as the Owner is notified of the claim in writing prior to performance of the Work which is the subject of the dispute and the party disputing the decision of the Owner recites the reasons for its dispute in the written notice. Failure to notify the Owner in writing shall constitute a waiver of any claim resulting from the change.

9.7.2 In the event a change order request is approved by the Owner in the absence of an agreement as to cost, time, or both, the Design Professional will (i) receive and maintain all documentation pertaining thereto; (ii) examine such documentation on the Owner's behalf; (iii) take such other action as may be reasonably necessary or as the Owner may request; and (iv) make a written recommendation to the Owner concerning any appropriate adjustment in the GMP or Contract Time.

The CM understands and agrees, on behalf of itself and its subcontractors and suppliers, that neither compensation, the GMP, nor the Contract Time can be changed by implication, oral agreement, or unwritten change order.

The Design Professional will take appropriate action on test results, including acceptance, rejection, requiring additional testing or corrective work, or such other action deemed appropriate by the Design Professional. The Design Professional will promptly reject Work which does not conform to and comply with testing requirements.

11.4.2 The Design Professional may require inspection or testing of any Work in addition to that required by this Contract or governmental entities having or asserting jurisdiction over the Project when such additional inspections and testing is necessary or advisable, whether or not such Work is then fabricated, installed or completed. The Design Professional will take appropriate action on all such special testing and inspection reports, including acceptance, rejection, requiring additional testing or corrective work, or such other action deemed appropriate by the Design Professional.

11.5 Design Professional Submittal Activities. The Design Professional will review and approve, reject or take other appropriate action on submittals such as shop drawings, product data, samples and proposed equal materials or equipment and requested substitutions in a timely manner so as to not impact the construction schedule, and will not approve any submittals unless such submittals conform with (i) the Project design concept; (ii) this Contract;

and (iii) the Owner's budgeted Total Project Construction Cost. The Design Professional's review of submittals shall not constitute final acceptance of materials or equipment furnished or installed if such materials or equipment should be defective or not as represented by approved submittals or as otherwise required by the Construction Documents. The CM remains responsible for details and accuracy, for confirming and correlating all quantities and dimensions, for selecting fabrication processes, for techniques of assembly, and for performance of the Work.

11.6 Design Professional Interpretations. The Design Professional will, when requested to do so in writing by the CM, promptly and so as to cause no unnecessary delay, render written or graphic interpretations and decisions necessary for the proper execution of the Work. The Design Professional's interpretations and decisions relating to artistic effect shall be final if not inconsistent with this Contract.

11.7 Design Professional Change Order Activities. The Design Professional will consult with and advise the Owner concerning, and will administer and manage, all change order requests and change orders on behalf of the Owner.

11.8 Design Professional Relationship To CM. The duties, obligations and responsibilities of the CM under this Contract shall not be changed, abridged, altered, discharged, released, or satisfied by any duty, obligation or responsibility of the Design Professional. The CM shall not be a third-party beneficiary of any agreement by and between the Owner and the Design Professional. The duties of the CM to the Owner shall be independent of, and shall not be diminished by, any duties or obligations of the Design Professional to the Owner.

ARTICLE 12 INSPECTION, CORRECTION OF WORK, AND PROJECT CLOSE OUT

12.1 Substantial Completion. Substantial Completion of the Work shall be deemed to have occurred on the later of the dates that the Work passes a Substantial Completion inspection, and the required Substantial Completion documentation and items have been produced.

12.1.1 When the CM believes that the Work is substantially complete, it shall notify the Owner and the Design Professional that it's Work is ready for a Substantial Completion inspection.

12.1.2 Prior to the Substantial Completion inspection, the CM will prepare and furnish to the Design Professional a Declaration of Substantial Completion, which at a minimum must:

- .1** contain a blank for entry of the date of Substantial Completion, which date will fix the commencement date of warranties and guaranties and allocate between the Owner and the CM responsibility for security, utilities, damage to the Work and insurance;
- .2** include a list of items to be completed or corrected and state the time within which the listed items will be completed or corrected; and

.3 contain signature lines for the Owner, the CM and the Design Professional.

12.1.3 Upon receipt of notification from the CM the Design Professional will coordinate with the Owner and the CM a date for inspection of the Work to determine whether the Work is substantially complete.

12.1.4 At inspection(s) to determine whether the Work is substantially complete, the Design Professional will:

.1 inspect the Work;

.2 list additional items to be completed or corrected; and

.3 determine, in consultation with the Owner, whether Substantial Completion of the Work has occurred.

12.1.5 If the Work is determined not to be substantially complete, the Work shall be prosecuted until the Work is substantially complete and the inspection process shall be repeated at no additional cost to the Owner until the Work is determined to be substantially complete.

12.1.6 Prior to the required date of Substantial Completion, the CM shall deliver to the Design Professional keys, permits, the certificate of occupancy, and other necessary and customary documents and items pre-requisite for the Owner's occupancy and use of the Work for its intended purpose. The Design Professional will obtain and review Substantial Completion documentation and items, and will inform the CM of any deficiencies.

12.1.7 When the Owner, the CM and the Design Professional agree that the Work has passed the Substantial Completion inspection and the CM has produced the required Substantial Completion documentation and items, they shall each sign the Declaration of Substantial Completion declaring the Work substantially complete and establishing the actual date of Substantial Completion. The Declaration of Substantial Completion shall also include a list of and timeline for the completion of Work needing completion and correction.

12.2 Final Completion. Final Completion of the Work shall be deemed to have occurred on the later of the dates that the Work passes a Final Completion inspection and that the CM has produced all required Final Completion close-out documentation and items. Final Completion shall not be deemed to have occurred and no final payment shall be due the CM or any of its subcontractors or suppliers until the Work has passed the Final Completion inspection and all required Final Completion close-out documentation and items have been produced to the Owner by the CM.

12.2.1 When the CM believes the Work is finally complete, the CM shall notify the Owner and the Design Professional that the Work is ready for Final Completion inspection.

12.2.2 Upon receipt of such notification from the CM, the Design Professional will coordinate with the Owner and the CM a date for inspection of the Work to determine whether the Work is finally complete.

12.2.3 At the Final Completion inspection to determine whether the Work is finally complete, the Design Professional will:

- .1 inspect the Work;
- .2 determine whether all items on the list included with the Declaration of Substantial Completion have been satisfactorily completed and corrected;
- .3 determine whether the Work complies with (a) this Contract; (b) applicable laws, statutes, building codes, rules or regulations of all governmental, public and quasi-public authorities and agencies having jurisdiction over the Project; and (c) applicable installation and workmanship standards;
- .4 determine whether required inspections and approvals by the official(s) having or asserting jurisdiction over the Project have been satisfactorily completed; and
- .5 determine, in consultation with the Owner, whether the Work is finally complete.

12.2.4 If the Work is not finally complete, the CM shall continue to prosecute the Work, and the inspection process shall be repeated at no additional cost to the Owner, until the Work is finally complete.

12.2.5 Prior to the date of Final Completion, the CM shall deliver to the Design Professional One (1) set of as-built, red-lined drawings and markups for use by the Design Professional in preparing the final as-built drawings for the close-out package

12.2.6 The date of Final Completion shall be determined by the Owner at such time as all as-built and close-out documents in conformance with the Close-out requirements described on the Construction Services Website (under Guidelines section) are complete and have been submitted to the Construction Services Project Manager for review and approval.

ARTICLE 13 **CONSTRUCTION MANAGER'S WARRANTIES AND GUARANTEES**

13.1 One-Year Warranty. In addition to the warranties and guarantees set forth elsewhere in this Contract, the CM, upon request by the Owner or the Design Professional, shall promptly correct all failures or defects in the Work for a period of one (1) year after the actual date of Substantial Completion, or the date of acceptance by the Owner, whichever is later.

13.1.1 The CM shall schedule, coordinate and participate in a walk-through inspection of the Work one (1) month prior to the expiration of the one-year correction period, and shall notify the Owner, the Design Professional, and any necessary subcontractors and

suppliers of the date of, and request their participation in, the walk-through inspection. The purpose of the walk-through inspection will be to determine if there are defects or failures which require correction.

13.1.2 Should the CM fail to promptly correct any failure or defect, the Owner may take whatever actions it deems necessary to remedy the failure or defect and the CM shall promptly reimburse the Owner for any expenses or damages it incurs as a result of the CM's failure to correct the failure or defect.

13.3 Express Warranties And Guarantees - Subcontractors And Suppliers. The CM shall require that all of its subcontractors and suppliers provide written warranties, guarantees and other undertakings to the Owner and the CM in a form identical to the warranties, guarantees and other undertakings set forth in this Contract, including the warranties, guarantees and undertakings set forth in this Article, which warranties, guarantees and undertakings shall run to the benefit of the Owner as well as the CM.

13.4 Non-Exclusivity And Survival. The warranties and guarantees set forth in this Article shall be in addition to all other warranties, express, implied or statutory, and shall survive the Owner's payment, acceptance, inspection of or failure to inspect the Work, and review of the Construction Documents.

13.5 Non-Limitation. Nothing contained in Paragraph 13.1, shall be construed to establish a period of limitation with respect to the CM's obligations under this Contract. Paragraph 13.1 relates only to the CM's specific obligations with respect to the Work, and has no relationship to the time within which the CM's contractual obligations under this Contract may be enforced, nor to the time within which proceedings may be commenced to establish the CM's liability with respect to any contractual obligations pursuant to Paragraph 13.1 or contained elsewhere herein.

13.6 Commencement Of Obligations. Unless otherwise specified, all of the CM's warranty and guaranty obligations, including the time period(s) for all written warranties and guarantees of specifically designated equipment required by the Construction Documents, shall begin on

the actual date of Substantial Completion or the date of acceptance by the Owner, whichever is later.

ARTICLE 14 **OWNER'S DUTIES, OBLIGATIONS AND RESPONSIBILITIES**

14.1 Timely Compensation Of Construction Manager. The Owner shall timely compensate the CM in accordance with this Contract.

14.2 Payment For Testing. Unless otherwise required to be provided by the CM pursuant to the terms of the Contract, the Owner shall secure and pay for all Project testing.

14.3 Owner Review Of Documents. The Owner shall review documents prepared by the CM in a timely manner and in accordance with schedule requirements. Review by the Owner shall be solely for the purpose of determining whether such documents are generally consistent with the Owner's intent. No review of such documents shall relieve the CM of any of its responsibilities.

14.4 Status Of Owner. The Owner shall not have control or charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the CM, for any of the foregoing purposes, be deemed the agent of the Owner.

14.5 Owner's Utilities. The Owner shall provide water, gas and electrical energy only as they exist at the Site prior to the start of construction. The CM shall be responsible to provide and pay for connections to, extensions from and means of using these utilities.

14.5.1 The Owner will pay utility company bills for water, gas and electrical energy which is required for the Project and which passes through the Owner's meters. However, the Owner shall not pay for water which is expended without proper regard for ecological and conservation considerations.

14.5.2 Acceptance by the CM of the use of the Owner's water, gas and electrical energy constitutes a release from the CM to the Owner of all claims and liability for any damages or losses which may be incurred by the CM as a result of water, gas and electrical energy outages or voltage variations or surges.

ARTICLE 15 **CONSTRUCTION MANAGER'S COMPENSATION**

15.1 Unit Prices. If any portion of the GMP is determined by the application of unit prices, the number of units contained in the CM's GMP is an estimate only, and the compensation to the CM shall be determined by the actual number of units incorporated in, or required by, the Work.

15.2 Schedule Of Values. The CM shall prepare and present to the Owner the CM's schedule of values, apportioning the different elements of the Work for purposes of periodic and final payment. Upon the Owner's acceptance, the schedule of values shall be used to process

and pay the CM's payment requests. The schedule of values shall only be changed upon the written approval of the Owner.

15.4 Owner's Right To Refuse Payment. In the event of a dispute, payment shall be made on or before the date payment is due for amounts not in dispute, subject to any setoffs claimed by the Owner. The Owner shall have the right to refuse to make payment and, if necessary, may demand the return of a portion or all of the amount previously paid to the CM due to:

15.4.1 the CM's failure to perform the Work in compliance with the requirements of this Contract or any other agreement between the parties;

15.4.2 the CM's failure to correctly and accurately represent the Work performed in a payment request, or otherwise;

15.4.3 the CM's performance of the Work at a rate or in a manner that, in the Owner's opinion, is likely to result in the Project or any portion of the Project being inexcusably delayed;

15.4.4 the CM's failure to use funds previously paid the CM by the Owner, to pay the CM's Project-related obligations including, but not limited to, the CM's subcontractors and suppliers;

15.4.5 claims made, or likely to be made, against the Owner or its property;

15.4.6 loss caused by the CM or the CM's subcontractors, or suppliers; or

15.4.7 the CM's failure or refusal to perform any of its obligations to the Owner.

15.6 Construction Manager's Right To Refuse Performance For Non-Payment. If within thirty (30) calendar days from the date a payment is due the Owner, without cause or basis hereunder, fails to pay the CM any amounts then due and payable to the CM, the CM shall have the right, in addition to all other rights and remedies contained herein, to cease performance of the Work until receipt of proper payment after first providing fourteen (14) calendar days written notice to the Owner of its intent to cease work.

15.7 Correction Of Past Payments. All prior payments may be corrected and adjusted in any subsequent payment and shall be corrected and adjusted in the final payment. In the event that any invoice contains a defect or impropriety which would prevent payment by the date a payment is due, the Owner shall notify the CM in writing of such defect or impropriety. Any disputed amounts determined by the Owner to be payable to the CM shall be due thirty (30) calendar days from the date the dispute is resolved.

15.8 Interest On Outstanding Amounts Due. Interest shall accrue on amounts owed by the Owner to the CM in accordance with the provisions of the Florida Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

15.8.1 No interest shall accrue when payment is delayed because of a dispute between the Owner and the CM, or a dispute as to the accuracy or completeness of any request for payment received. This exception to the accrual of interest shall apply only to that

portion of a delayed payment which is actually the subject of the dispute and shall apply only for the duration of such disagreement. Nor shall interest accrue on retainage which is withheld to assure performance of this Contract.

15.9 Invoice Warranties And Guarantees. The CM expressly warrants and guarantees to the Owner that:

15.9.1 title to all goods, products, materials, equipment and systems covered by an invoice will pass to the Owner either by incorporation into the Work, or upon receipt of payment by the CM, whichever occurs first;

15.9.2 all goods, products, materials, equipment and systems covered by an invoice are free and clear of liens, claims, security interests or encumbrances; and

15.9.3 no goods, products, materials, equipment or systems covered by an invoice have been acquired by the CM, or its subcontractors or suppliers, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the CM, or its subcontractors or suppliers.

15.10 Construction Manager's Signature. The signature of the CM on any Application for Payment constitutes the CM's certification to the Owner that (i) all costs included in the application have been incurred on behalf of the Owner for the sole purpose of completing the Work in accordance with the Contract; (ii) the CM has paid its subcontractors and suppliers their proportional share of all previous payments received from the Owner; and (iii) the amount requested is currently due and owing.

15.11 Taxes. The CM shall incorporate into the Contract Sum, and pay, all sales, consumer, use and similar taxes for goods, products, materials, equipment and systems incorporated into the Work which were legally required at the time of execution of this Contract, whether or not yet effective or merely scheduled to go into effect. The CM shall secure, defend, protect, hold harmless, and indemnify the Owner from and against any and all liability, loss, claims, demands, suits, costs, fees and expenses (including actual fees and expenses of attorneys, expert witnesses, and other consultants) relating to any taxes assessed or imposed upon, incurred by or asserted against the Owner by any taxing authority with respect to such taxes. The CM shall cooperate with and assist the Owner in securing qualified refunds of any sales or use tax paid by the Owner or CM on goods, products, materials, equipment or systems. Any refund secured shall be paid to the Owner.

15.12 Compensation Of Construction Manager's Subcontractors And Suppliers. Upon receipt of payment from the Owner, the CM shall pay each of its subcontractors and suppliers out of the amount received by the CM on account of such subcontractor's or supplier's portion of the Work, the amount to which each entity is entitled, reflecting percentages actually retained from payments to the CM on account of such entity's portion of the Work. The Owner shall have no obligation to pay, and shall not be responsible for payments to, the CM's subcontractors or suppliers. However, the Owner reserves the right, but has no duty, to make payment jointly to the CM and to any of its subcontractors or suppliers in the event that the Owner becomes aware that the CM fails to pay or unreasonably withholds payment from one (1) or more of those entities. Such joint check procedure, if employed by the Owner, shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the Owner to repeat the procedure in the future.

ARTICLE 16
SCHEDULE REQUIREMENTS

16.1 Construction Schedule. The Construction Schedule shall include all pertinent dates and periods for timely completion of the Work.

16.1.1 Unless otherwise directed and approved by the Owner, the CM shall prepare the Construction Schedule as a critical path schedule with separate divisions for each major portion of the Work or operations. The Construction Schedule shall include and properly coordinate dates for performance of all divisions of the Work, including completion of off-Site requirements and tasks, so that the Work can be completed in a timely and orderly fashion consistent with the required dates of Substantial Completion and Final Completion.

16.1.2 The Construction Schedule shall include (i) the required Commencement Date, the required dates of Substantial Completion and Final Completion; (ii) any guideline and milestone dates required by the Owner; (iii) any applicable subcontractor and supplier subschedules; (iv) a submittal schedule which allows sufficient time for review of documents and submittals; (v) the complete sequence of construction by activity, with dates for beginning and completion of each element of construction; and (vi) required decision dates.

16.1.3 By reviewing the Construction Schedule, the Owner and the Design Professional do not assume any of the CM's responsibility (i) that the Construction Schedule be coordinated or complete; or (ii) for timely and orderly completion by the required dates of Substantial Completion, Final Completion and any milestone dates required by the Owner.

16.1.4 The CM shall review, on a weekly basis, the actual status of the Work against the Construction Schedule. The CM shall discuss the status of the Work weekly with the Owner and the Design Professional, so that proper overall management may be provided.

16.1.5 The CM shall periodically and in all instances when the CM anticipates that performance of the Work will be delayed or in fact has been delayed, but not less frequently than monthly, prepare a revised Construction Schedule and show actual progress of the Work through the revision date, projected completion of each remaining activity, activities modified since previous submittal, major changes in scope, and other identifiable changes. The updated Construction Schedule shall be accompanied by a narrative report which (i) states and explains any modifications of the critical path schedule, including any changes in logic; (ii) defines problem areas and lists areas of anticipated delays; (iii) explains the anticipated impact the problems and delays will have on the schedule and scheduled activities; (iv) reports corrective action taken or proposed; and (v) states how problems anticipated by projections shown on the schedule will be resolved to avoid delay in delivering the Work by the required dates of Substantial Completion and Final Completion, and other milestone dates required by the Owner, if any.

16.2 Delay In Performance. If at any time the CM anticipates that performance of the Work will be delayed or in fact has been delayed, the CM shall (i) immediately notify the Owner and the Design Professional of the probable cause of and effect from the delay, and possible

alternatives to minimize the delay; and (ii) take all corrective actions reasonably necessary to deliver the Work by the required dates of Substantial Completion and Final Completion, and other milestone dates required by the Owner, if any.

16.3 Modifications To Time For Performance. The CM shall determine and promptly notify the Owner and the Design Professional, in writing, when it believes adjustments to the expected dates of Substantial Completion or Final Completion, or other milestone dates required by the Owner, if any, are necessary, but no such adjustments shall be effective unless approved in writing by the Owner and the Design Professional.

16.4 Early Completion. The CM may attempt to achieve Substantial Completion before the required date of Substantial Completion. However, such planned early completion shall be for the CM's sole convenience and shall not create any additional CM rights or Owner obligations under this Contract, nor shall it change the required dates of Substantial Completion or Final Completion. The Owner shall not pay the CM any additional compensation for achievement of Substantial Completion or Final Completion prior to the required dates nor will the Owner owe the CM any compensation should the Owner cause the CM not to achieve Substantial Completion earlier than the required date of Substantial Completion or Final Completion earlier than the required date of Final Completion.

16.5 Modification Dates Of Substantial Completion Or Final Completion. The CM may propose modifications to the required dates of Substantial Completion or Final Completion. The Owner may, but is not required to, accept the CM's proposal. Modification(s) of the required dates of Substantial Completion or Final Completion shall be accomplished only by duly authorized and accepted change order(s) stating the new date(s) with specificity and reciting that all references in this Contract to the required dates of Substantial Completion or Final Completion shall thereafter refer to the date(s) as modified, and all rights and obligations, including the CM's liability for actual damages, delay damages and liquidated damages, shall be determined in relation to the date(s) as modified.

16.6 Document Review. The CM shall provide documents to the Owner and the Design Professional for review in accordance with schedule requirements and with sufficient lead time to allow the Owner and the Design Professional reasonable time for review.

ARTICLE 17 **LIQUIDATED DAMAGES**

17.1 Time Of The Essence. The parties hereto mutually understand and agree that time is of the essence in the performance of this Contract and that the Owner will incur damages if the Work is not completed on time. The CM shall at all times carry out its duties and responsibilities as expeditiously as possible and shall begin, perform and complete its services so that (i) the Work progresses in accordance with the Construction Schedule; (ii) the Work is substantially completed by the required date of Substantial Completion; and (iii) the Work is finally complete by the date of Final Completion.

17.2 Failure To Timely Achieve Completion. The parties hereto mutually understand and agree that the Owner will sustain substantial monetary and other damages in the event of a failure or delay by the CM in the completion of the Work. If the CM inexcusably fails to achieve Substantial Completion by the required date of Substantial Completion as established and

previously set forth in this Contract, the CM shall pay to the Owner, as liquidated damages for delay and not as a penalty, the daily amount specified previously in this Contract for each and every day after the required date of Substantial Completion until Substantial Completion is achieved. This liquidated damages provision shall apply and remain in full force and effect in the event that the CM is terminated by Owner for default and shall apply until Substantial Completion has been achieved by any completing construction manager or contractor. If the CM fails to achieve Final Completion by the required date of Final Completion as established and previously set forth in this Contract For Construction, the CM shall pay to the Owner, as liquidated damages for delay and not as a penalty, the daily amount specified previously in this Contract for each and every calendar day of unexcused delay in achieving Final Completion.

17.3 Compensable Delay. If the CM is delayed at any time in the progress or performance of the Work by (i) acts or omissions of the Owner or the Design Professional; (ii) major changes ordered by the Owner in the scope of Work; or (iii) any other cause which the Owner determines may justify the compensation of the CM for the delay, the CM's compensation may be equitably adjusted to cover the CM's actual and direct increased costs attributable to such delay.

17.4 Excusable Delay. If the CM is delayed at any time in the progress or performance of the Work by (i) acts or omissions of the Owner or the Design Professional; (ii) major changes ordered by the Owner in the scope of Work; (iii) fire; (iv) unusual delays in transportation; (v) adverse unusual weather conditions not reasonably anticipated by the CM; (vi) unavoidable casualties; (vii) causes beyond the CM's control which the Owner agrees in writing are justifiable; or (viii) any other cause which the Owner determines may justify the delay, the Construction Schedule may be extended for a period equal to the length of such delay, but only if (a) such delay is not in any way caused by default or collusion on the part of the CM or by any cause which the CM could reasonably control or circumvent; (b) the CM would have otherwise been able to timely perform all of its obligations under this Contract but for such delay; and (c) immediately but not later than seven (7) calendar days after the beginning of any such delay the CM gives notice of its delay claim to the Owner.

17.5 Owner's Right To Withhold Payment. When it reasonably believes (i) that Substantial Completion will be inexcusably delayed; or (ii) that the CM will fail to achieve Final Completion by the date of Final Completion, the Owner shall be entitled, but not required, to withhold from any amounts otherwise due the CM the daily amount specified for liquidated damages in this Article for each calendar day of the unexcused delay.

17.5.1 If and when the CM overcomes the delay in timely achieving Substantial Completion or Final Completion, or any part thereof, for which the Owner has withheld payment, the Owner shall promptly release to the CM those funds withheld, but no longer applicable, as liquidated damages.

17.5.2 Delay caused by labor disputes, picketing, employee boycotts, or the like which directly or indirectly involves employees of the CM or its subcontractors and suppliers is not the responsibility of the Owner and will result in time extensions only if agreed to in writing by the Owner at the time such events arise.

ARTICLE 18
CONCEALED AND UNFORESEEN CONDITIONS

18.1 Notification Regarding Unusual Conditions. If (i) the CM encounters concealed and unforeseen conditions of an unusual nature which affect the performance of the Work; or (ii) the conditions vary from those indicated by the Construction Documents; and (iii) such conditions are not ordinarily found to exist or differ materially from those generally recognized as inherent in work of the character provided by the CM, the CM shall promptly, but in no event later than three (3) calendar days after first observance of the conditions, notify the Design Professional and the Owner before conditions are disturbed and give the Design Professional or the Owner opportunity to observe the condition in its undisturbed state.

18.1.1 The conditions will be promptly investigated and, if they differ substantially and cause a material increase or decrease in the CM's cost of, or time required for, performance of the Work, compensation or time for performance or both will be equitably adjusted.

18.1.2 All adjustments in compensation or extensions of time shall be by change order. Change order requests must be made within fourteen (14) calendar days from the date of observation of the changed conditions.

18.1.3 The CM's failure to notify the Design Professional and Owner as provided in this Article shall constitute a waiver of any claim arising out of or relating to such concealed or unknown condition.

ARTICLE 19
CONSTRUCTION MANAGER'S RECORDS

19.1 Preparation Of Records. The CM shall, concurrently with performance of its services, prepare substantiating records regarding services rendered and goods furnished.

19.2 Retention Of Records. The CM shall retain in its records copies of all (i) written communications; (ii) memoranda of verbal communications; (iii) accounting records (including original estimates and estimating work sheets, purchase orders and invoices); (iv) job site notes; (v) daily logs; (vi) reports; (vii) notices; (viii) all subcontract files (including proposals of successful and unsuccessful bidders); (ix) change order files (including documentation covering negotiated settlements); (x) written policies and procedures, (xi) records necessary to evaluate and verify direct and indirect costs (including by way of example overhead allocations, payroll records, time sheets, rental receipts, fixed asset records); and (xii) other documents such as plans, specifications, submittals, correspondence, minutes, memoranda, tape recordings, videos, accounting records, documents reflecting the unit price of construction and other writings or things which document the Project, its design, its cost, and its construction.

19.2.1 The CM shall maintain substantiating records for seven (7) years after the date of Final Completion or for any longer period of time as may be required by law or good construction practice. If the CM receives notification of a dispute or the commencement of litigation regarding the Project within this seven-year period, the CM shall continue to maintain all Project records until final resolution of the dispute or litigation.

19.2.2 The CM shall, upon seven (7) days' request from the Owner, secure from its subcontractors and suppliers copies of (i) written communications; (ii) memoranda of verbal communications; (iii) accounting records (including original estimates and estimating work sheets, purchase orders and invoices); (iv) job site notes; (v) daily logs; (vi) reports; (vii) notices; (viii) all subcontract files (including proposals of successful and unsuccessful bidders); (ix) Change Order files (including documentation covering negotiated settlements); (x) written policies and procedures, (xi) records necessary to evaluate and verify direct and indirect costs (including overhead allocations), and (xii) other documents generated with respect to the Project.

19.3 Access To Records. Upon the request of the Owner, the CM shall make its records available during normal business hours to the Owner, its authorized representative(s) or to any state, federal or other regulatory authority. Any such authority, the Owner and its authorized representative(s) shall be entitled to inspect, examine, review and copy the CM's records at the copying party's reasonable expense, within adequate work space at the CM's facilities. Failure by the CM to supply substantiating records from itself and its subcontractors and suppliers upon the request of the Owner shall be reason to exclude the related costs from amounts which might otherwise be payable by the Owner pursuant to this Contract.

ARTICLE 20 PROPRIETARY DOCUMENTS AND CONFIDENTIALITY

20.1 Nature And Use Of Information. All information, documents, and electronic media furnished by the Owner to the CM (i) belong to the Owner; (ii) are proprietary and confidential; (iii) are furnished solely for use on the Owner's Project; (iv) shall be kept confidential by the CM; and (v) shall not be used by the CM on any other project or in connection with any other person or entity, unless disclosure or use thereof in connection with any matter other than services rendered to the Owner hereunder is specifically authorized in writing by the Owner in advance. The Owner hereby grants to the CM a limited license to use and reproduce applicable portions of the Construction Documents necessary for execution of the Work. All copies made under this license shall bear the statutory copyright notice, if any, shown on the documents.

20.2 Ownership Of Information. All information, documents, and electronic media prepared by or on behalf of the CM for the Project are the sole property of the Owner free of any retention rights of the CM. The CM hereby grants to the Owner an unconditional right to use, for any purpose whatsoever, any information, documents or electronic media prepared by or on behalf of the CM for the Project, free of any copyright claims, trade secrets or other proprietary rights with respect to such documents.

20.3 Disclosure Of Information. The CM shall not disclose any information it receives from the Owner to any other person or entity except to the extent necessary to allow it to perform its duties under this Contract.

20.4 Instructions To Employees. Because it is difficult to separate proprietary and confidential information from that which is not, the CM shall instruct its employees and agents to regard all information which is not in the public domain as information which is proprietary and confidential.

20.5 Non-Publication. Submission or distribution of documents to meet official regulatory requirements or for other required purposes in connection with the Project is not to be construed as publication in derogation of the Owner's common law copyrights or other reserved rights.

ARTICLE 21 **GENERAL INSURANCE REQUIREMENTS**

21.1 General Insurance Requirements. Unless otherwise required, each insurance policy:

21.1.1 shall be issued by an insurance carrier acceptable to the Owner;

21.1.2 shall be kept in force throughout performance of the CM's services and for one (1) year after the end of such performance;

21.1.3 shall be an occurrence policy; and

24.4.1 reasonable costs incurred in preparing to perform the terminated portion of the Work, and in terminating the CM's performance, plus a fair and reasonable allowance for overhead and profit thereon (such profit shall not include anticipated profit or consequential damages); provided, however, that if it appears that the CM would not have profited or would have sustained a loss if the Work had been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rates of loss, if any; and

25.4 Facilitative Mediation. If the parties cannot resolve any dispute, claim, question, or disagreement arising from or relating to the Project or arising out of this Contract or the breach thereof through mutual discussion, as a condition precedent to any litigation, the parties shall in good faith participate in private, non-binding facilitative mediation seeking a just and equitable solution satisfactory to all parties.

25.4.2 The parties shall not be required to mediate for a period greater than ninety-one (91) calendar days unless otherwise agreed to in writing by the parties. The parties shall share equally any administrative costs and fees of such proceedings, but shall each be responsible for their own expenses otherwise incurred.

25.4.3 In the event that the statute of limitations would run during the required mediation period, either party may institute litigation so as to avoid the running of such statute upon the condition that such party immediately seek a stay of such litigation pending the conclusion of the mediation period.

Each such party agrees that it may be joined as an additional party to a mediation involving other parties under any such agreement. In the case where more than one (1) mediation is begun under any such agreement and any party contends that the mediations are substantially related, the mediations may be conducted by the mediator selected in the first mediation which was commenced.

25.5 Conflicting Dispute Resolution Provisions. 25.6 Arbitration Preclusion. In case of a dispute relating to the Project, or arising out of this Contract, no party to this Contract shall be required to participate in or be bound by, any arbitration proceedings.

If the CM has reason to believe the use of a required design, process or product is an infringement of a patent, the CM shall be responsible for such loss unless such information is promptly given to the Owner.

26.5 Non-Exclusivity Of Owner's Remedies. The Owner's selection of one (1) or more remedies for breach of this Contract contained herein shall not limit the Owner's right to invoke any other remedy available to the Owner under this Contract or by law.
