

Hello Staff!

We are pleased to offer a new way of delivering the safety training that you are required to complete each year. Using the SafeSchools Training system, you will be able to complete your training via the Internet at your convenience - even from the comfort of your own home! Group Training is also available.

How to log on to the SafeSchools Online Training Program:

1. Using your web browser, go to the web page <http://sarasota-fl.safeschools.com/login> (No “www” is necessary.)
2. To access your assigned training, enter your username and password.
 - Your username is employee ID number.
 - Your password is the last 4 digits of your SSN.
3. Your assigned course or courses will be listed on your personal SafeSchools ‘My Assignments’ page under “Mandatory Training.”
4. Select any course by simply clicking on the name of the course. The courses have audio so turn up your speakers if you wish to hear the narration. Complete all the training scenarios and the assessment to receive completion credit for the course. You will have the option to print out a Certification of Completion once you successfully complete the course.

If you have any questions or problems with the site, please see other side for troubleshooting tips:

Thanks for helping to make our district an even safer place to work and learn!

Tips and Tricks for Troubleshooting Safe Schools

If you are accessing training from a computer:

1. Restart your browser. Note: On a Mac you'll need to fully quit the browser.
2. Make sure you are using a recent version of Google Chrome, Mozilla Firefox, Internet Explorer, or Safari. If you have any pending updates, they may need to be completed to move forward with training.
3. Clear your browser's cache, which is typically located under your browser's history settings.
4. It is possible that device-specific browser extensions and/or pop-up blockers may be interfering with your training. Try accessing the training from another browser to rule out this possibility.

If you are accessing training from a mobile device:

Our system is compatible with many mobile devices; however, some users may have personal configurations that prevent certain courses from loading. Additionally, some custom and policy courses are best displayed on a computer. If you are experiencing difficulty loading our training on a personal device, try accessing the courses through a laptop or desktop computer.

After going through the steps above, please feel free to contact support@safeschools.com if you are still having issues!

If you have any questions or continue to have problems with the site that Safe Schools could not resolve, please contact:

Valeta Clark – valeta.clark@sarasotacountyschools.net – (941) 927-9000 ext. 31201
