Please remember that for FAST testing:

- **Electronic Devices**—Students are not permitted to have any electronic devices, including, but not limited to, cell phones, smartphones, and smartwatches, at any time during testing **or** during breaks (e.g., restroom), **even if the devices are turned off or students do not use them.** If your student is found with an electronic device, his or her test will be invalidated.
- **Calculators**—For Grades 7 and 8 Mathematics, **approved calculators may be used and will be provided to all students.**
- **Leaving Campus**—Please note that students should not leave the testing session. We understand that students may need to go to doctor appointments, etc. The times have been provided to allow you to plan accordingly.

We encourage all students to get a good night's sleep and eat a healthy breakfast so their body is physically prepared for testing.
