Equity Procedures for Employees/Applicants/Students

Sarasota County Schools offers multiple career and technical programs wherein students may earn industry certification. The district prohibits discrimination in the terms and conditions of employment, and in access to educational programs and activities, and prohibits harassment of any individual or group on the basis of race, color, national origin, religion, sex, age, disability, marital status, sexual orientation or genetic information (and other protected classes included in the district's nondiscrimination policies). Lack of English language skills will not be a barrier to admission and participation. The district may assess each student's ability to benefit from specific programs through placement tests and counseling, and, if necessary, will provide services or referrals to better prepare students for successful participation. Any person who believes he or she has experienced any such prohibited discrimination may file a complaint with the district Equity Coordinator by calling (941) 927–9000, or by writing to 1960 Landings Blvd., Sarasota, FL 34231.
