

Have something amazing on your bucket list?

This funding can make it happen: Barancik Foundation TIME Fellowship

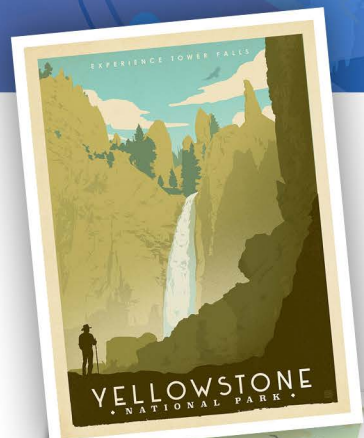

Would you love to pack up your camera next summer and capture the landscapes in Yellowstone National Park? If you could explore the universe in one of North America's premier observatories, would that renew your passion for teaching science? Or do you just need time to take a cooking course from a master chef in Tuscany, Italy?

Charles & Margery Barancik Foundation is pleased to announce the second year of a pilot program that lets Sarasota County Schools classroom teachers of record, assistant principals, and principals do just that, with the purpose of helping renew your commitment to education.

The TIME Fellowship (Time to Inspire Margie's Educators) will support as many as 25 fellowships this year to Sarasota County School District educators, each awarded up to \$12,000, to help refresh their commitment to teaching.

REQUIREMENTS:

- Employed by Sarasota County School District as a classroom teacher of record, assistant principal, or principal
- Minimum three years' experience teaching in Sarasota County public schools
- A commitment to teaching another three years in Sarasota County
