

PROJECT UPDATE

Notice to Property Owners in the Ashton Road and McIntosh Road Areas

Sarasota County Capital Projects • 1001 Sarasota Center Blvd., Sarasota, FL 34240

CURRENT RESIDENT OR BUSINESS

Notice to Property Owners in the Ashton Road and McIntosh Road Areas

The County is currently constructing the Legacy Trail Extension. Various construction work is underway including site grading, earthwork compaction, stormwater facility installations, overhead pedestrian traffic signals installations, and conduit and fiber optic cable installations. Pedestrian signals have been installed and are being integrated into the signal system for operation. Segment 1 (Proctor Road north to Bahia Vista Street) is scheduled for completion in June 2021. The estimated completion for construction for the entire project is December 2022. In an effort to maintain this schedule, the County Engineer has approved a temporary road closure of Ashton Road between McIntosh Road and Pinkney Avenue, at the Legacy Trail Extension (Rail Road Crossing), and will be closed from **May 10, 2021 beginning at 7 a.m. through May 14, 2021 at 6 p.m.**

Variable message boards are currently on site and detour signs will be posted ahead of the closure. Please follow the posted detours. Please observe all posted speed limits. Motorists are urged to use caution and watch out for pedestrians in the area, heavy equipment, trucks and flagging operations when driving through the construction zone.

During construction, emergency vehicles will have unrestricted access to Ashton Road at all times. Pedestrians and motorists should use extreme caution while traveling through the active construction zone and expect some minor delays.

Thank you, in advance, for your cooperation and patience during construction.
