

The Race for Inclusion was founded on the belief that everyone deserves a chance and an opportunity to live a fulfilled life. This virtual race not only raises funds for Special Olympics Florida but raises awareness. With our "Race Your Way" option, you can participate virtually and still have an impact. Run, walk, cycle, paddle or swim - it's your choice. If it works for you, it works for us.

Pine View School has been proud to host the Special Olympics here on our campus for many school years. We continue to support them in their mission to ensure people with Intellectual Disabilities receive the respect and opportunities they deserve. Your generosity makes that possible and helps Special Olympics athletes live richer-fuller lives.
