

**SUNCOAST POLYTECHNICAL HS**

# **ROBOTICS SUMMER CAMP**

An engineering experience lead by the award-winning Spectre Robotics team that will teach skills including laser cutting, 3D printing, and CAD design. Students will create their own designs and manufacture them to take home. At the end, students will be challenged by a fun robotics competition where only one team can win!

**SESSION 1: JUNE 13-16  
SESSION 2: JUNE 20-23**

**TIME: 9:00 AM - 1:00 PM**

**LOCATION: SPHS, BUILDING 1-271**

**PRICE: \$200/SESSION**

**PLEASE BRING YOUR OWN LUNCH  
AND SNACKS**
