COMPONENT NAME: Administrative and Leadership Training

COMPONENT NUMBER: 7513001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this component is to provide administrators with the opportunity to gain the necessary and appropriate tools to provide leadership for the scope and framework of the educational program which includes the teaching and learning process, the supporting services, developmental activities and resources base, and to perform their job roles and responsibilities.

SPECIFIC OBJECTIVES:

Upon successful completion of one or more of the in-service training and professional development strategies listed participants will:

1. Develop strategies to select, develop or modify, and implement instructional and auxiliary programs for the improvement of teaching learning.

2. Understand the roles and responsibilities of the district departments, their relationships to each other, and services provided to school sites.

3. Ensure the use of appropriate instructional methods, classroom assessment strategies and curriculum in classrooms.

4. Identify best practices from research to evaluate current practice in schools/departments.

5. Gain knowledge in curriculum theory, practice, trends, issues, and models.

6. Align curriculum with student assessment.

7. Select, analyze and use a variety of student performance and achievement assessment tools.

8. Involve teachers in the design, development, and management of curriculum.

9. Establish plans for proper student conduct that implements disciplinary procedures and policies based on the Student Code of Conduct.

10. Establish a safe learning environment plan.

11. Understand and accommodate student growth and development needs for diverse populations.

12. Utilize and coordinate with community organizations and agencies.

13. Plan for a comprehensive program of student activities and a management system.

14. Possess the skills to work with diverse groups of people.

15. Plan, organize and facilitate staff development programs that enhance faculty and staff effectiveness.
Component #7513001 (continued)

16. Plan for program improvements based on data collection and analysis.
17. Compare student performance to a standard, and plan strategies for increasing student achievement.

12. Communicate individual student progress knowledgeable and responsible based upon appropriate indicators to all stakeholders.

13. Develop short- and long-term personal and professional goals relating to assessment.
COMPONENT NAME: Behavior Management

COMPONENT NUMBER: 5101013

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To provide staff with knowledge, skills and competencies for designing individualized behavioral intervention plans, for preventing and/or effectively intervening with crisis behavior, and for implementing procedures for whole class behavior management. This will secure a safe learning environment for all students.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:
To demonstrate knowledge on one or more of the following programs or topics:

1. Managing student behavior.
2. Intervention strategies
3. Positive behavior support.
COMPONENT NAME: Campus Security

COMPONENT NUMBER: 511002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Train security monitors in campus safety and security procedures.

SPECIFIC OBJECTIVES:

1. Verbal de-escalation techniques
2. Identify and address gang culture
3. 1st Aid, CPR
4. Crisis Response
5. Communication, Radio Usage
6. Identify and address School Crime
COMPONENT NAME: Career / Tech Education

COMPONENT NUMBER: 1002001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this component is to provide teachers with knowledge and skills in the area of career education

SPECIFIC OBJECTIVES:

Participants will become familiar with

1. Community interaction in daily business activities
2. Curriculum improvement.
3. Instructional strategies
4. Equipment training
5. Innovative programs/activities for possible implementation
6. Sponsor/advisor roles and responsibilities for student club activities
COMPONENT NAME: Classified Professional Development

COMPONENT NUMBER: 8506007

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

These classes are offered to District classified staff on various topics to increase professional skills.

SPECIFIC OBJECTIVES:

Topics include:

Understanding Diversity and Inclusivity: Harassment Awareness

Customer Satisfaction and Public Relations

Tools for Bookkeepers and Secretaries

Dealing with Difficult People

A Question of Ethics

ESE Essentials for Paraprofessionals
COMPONENT NAME: Classroom Management

COMPONENT NUMBER: 5101004

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide staff with knowledge, skills and competencies for organizing and managing an effectively run classroom that supports the academic success of all students.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

Demonstrate knowledge on one or more of the following areas:

1. Managing an effective classroom.
2. Physical layout of the classroom.
3. The role of positive student-teacher relationships.
4. The importance of presence and with-it-ness.
5. Procedures and routines.
6. Rules, consequences and rewards.
7. Expectations.
COMPONENT NAME: Classroom Visitation

COMPONENT NUMBER: 2408003

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To observe another classroom, then implement observed best practices within teacher’s own classroom.

SPECIFIC OBJECTIVES:
1. Describe at least three (3) instructional techniques observed during the visitation.
2. Develop an implementation plan for incorporating an instructional technique observed.
3. Identify three (3) ideas that can be used to implement the technique in the classroom.
COMPONENT NAME: Clinical Education

COMPONENT NUMBER: 2406001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To train educators to participate in the formative evaluation process of teachers.

SPECIFIC OBJECTIVES:

1. Be able to select the appropriate observation instrument to observe a classroom teacher on specified teaching behaviors.

2. Be able to model the correct steps in pre/post conferencing a teacher.

3. Be able to write a professional development plan that lists appropriate activities for the level of orientation of the teacher.

4. Be able to list the critical steps in monitoring a teacher’s progress.
COMPONENT NAME: Coaching Instructional

COMPONENT NUMBER: 2408008

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
This component provides participants the skills and knowledge to serve as coaches to facilitate and guide content-focused professional learning for the classroom teacher.

SPECIFIC OBJECTIVES:

1. Build instructional and leadership capacity by applying what is known about adult learning and change theory.

2. Increase student engagement, improve student achievement, and build teacher capacity in schools.

3. Support the systemic improvement efforts of the school district.

4. Address inequities in opportunities for teacher and student learning by providing differentiated, targeted supports.

5. Facilitate professional learning that supports district-wide initiatives
COMPONENT NAME: COACHING, Sports Medicine

COMPONENT NUMBER: 1011004

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

To acquire additional knowledge and skills in care and prevention of athletic injury whereas the participant will be able to deal with injury detection, treatment, prevention, rehabilitation, reconditioning, and counseling.

SPECIFIC OBJECTIVES:

1. Demonstrate thorough knowledge of athletic nutrition and ability to advise athletes concerning nutrition.

2. Identify skills needed to recognize athletic injury.

3. Display abilities in selection of appropriate athletic injury treatment modalities.

4. Identify appropriate first aid emergency planning and care procedures.
   a. Cardiopulmonary resuscitation and related activities.
   b. Unconscious athlete treatment and care.
   c. Care of suspected head, neck, and spine injured athletes.
   d. Consideration of other life threatening circumstances.

5. Distinguish the acceptable selection and usage of rehabilitation and reconditioning techniques.

6. Demonstrate an understanding of athletic injury counseling methodology.

7. Show evidence of knowledge of and application for playing conditions and for athletic facilities in order to facilitate injury prevention and enhance athletic performance.
   a. Selection of appropriate athletic uniforms.
   b. Protective equipment.
   c. Sanitary maintenance of the foregoing.

8. Identify accepted methods for conduct of inservice training.

9. Demonstrate an understanding of athletic injury reporting systems.

COMPONENT NAME: COACHING, Theory

COMPONENT NUMBER: 1011002

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:
To acquire additional knowledge, methods, skill application that will improve coaching effectiveness.

SPECIFIC OBJECTIVES:
Demonstrate knowledge in the follow areas:

1. Legal aspects.
2. Human growth and development.
3. Psycho-social development.
5. Sport management.
6. Instruction.
COMPONENT NAME: COMPUTER APPLICATIONS For Classified Staff

COMPONENT NUMBER: 3003001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The participant will become familiar with computer literacy skills and will develop skills necessary to use a computer as a tool for writing; as an educator’s skill to teach students; and for personal use. The participants will also become familiar with various methods of using the computer as an instructional tool, including but not limited to: word processing, grade reporting, test generating and CAI.

SPECIFIC OBJECTIVES:

1. Utilize a wide range or instructional technologies such as CD-ROM, Interactive Video, and the Internet to enhance subject matter.

2. Utilize appropriate technologies to enhance staff productivity, e.g., create and maintain databases for monitoring student and staff records and creating multimedia presentation.

3. Work with the media specialist/liaison/curriculum specialist available at the site to collaborate on technology issues.

4. Identify and describe strategies for teaching technology applications.

5. Develop alternative methods of assessing technology applications.
COMPONENT NAME: Cooperative Learning

COMPONENT NUMBER: 2408007

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Activities in this training will increase student engagement by teaching and practicing structures, introducing the theory of cooperative learning and identifying the difference between cooperative learning and group work.

SPECIFIC OBJECTIVES:

1. Participants will learn teambuilding structures to implement in their classroom.
2. Participants will learn class building structures to implement in their classroom.
3. Participants will learn thinking skills structures to implement in their classroom.
4. Participants will learn the four basic principles of cooperative learning, which is the difference between cooperative learning and group work.
5. Participants will be able to form mixed ability teams among their students.
COMPONENT NAME: Curriculum Development

COMPONENT NUMBER: 1007002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this component is to provide teachers and staff with knowledge and skill in planning and developing the curriculum.

SPECIFIC OBJECTIVES:

Participants will:

1. Demonstrate knowledge of current research and learning.
2. Develop curriculum standards.
3. Design an integrated curriculum model.
4. Establish benchmarks.
5. Develop an action plan to implement curriculum.
6. Design a curriculum evaluation plan.
7. Review curriculum evaluations and make appropriate curriculum modifications.
COMPONENT NAME: Differentiated Instruction

COMPONENT NUMBER: 2100007

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Research supports that student achievement benefits from teacher attention to students’ learning patterns. The focus will the philosophy, techniques and strategies necessary to differentiate instruction to meet the varying needs of all students. Teachers will learn the components necessary to plan a differentiated lesson.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

Participants will:

1. Know the many levels and approaches to differentiate instruction and choose a starting place for their classroom.

2. Understand that by differentiating the curriculum, all students succeed.

3. Have implemented differentiated instruction at some level and create a plan to build upon the initial implementation.
COMPONENT NAME: ESE Assistive Technology (ESE 20 Hour)

COMPONENT NUMBER: 3100001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide staff with knowledge, skills, and competencies for implementing technology in the classroom that would enhance the skills and improve the quality of instruction of ESE teachers.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

To demonstrate knowledge on one or more of the following programs or topics:

1. Computerized IEP.
2. Strategies and interventions.
3. Low-tech devices.
4. Teacher made materials.
5. Higher level assistive devices.
7. Use of software/overlays.
COMPONENT NAME: ESE Awareness (Not ESE 20 Hour)

COMPONENT NUMBER: 8103002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Provide a general overview of characteristics of specific disabilities or provide testing or tracking procedures.

These courses do not fulfill the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. Participants will gain awareness of causes and characteristics attributed to diagnosed disabilities, i.e. dyslexia, ASD, Asperger’s Syndrome, ADHD, etc…

2. Includes any ESE content training which does not address strategies that benefit the instruction of students with disabilities.
COMPONENT NAME: ESE CPI (ESE 20 Hour)

COMPONENT NUMBER: 6101001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The CPI training (verbal de-escalation training) provides staff members with a basic understanding of crisis development and techniques for appropriate responses to ensure an effective and safe learning environment for all students.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. Identify useful nonverbal techniques in the prevention of acting out behavior.
2. Develop verbal techniques to be implemented when de-escalation of verbal acting out is necessary.
3. Provide for the best care and welfare for individuals in your school.
4. Build therapeutic post intervention techniques to be implemented after acting out behavior has occurred, to aid the individual in coping with crisis situations.
COMPONENT NAME: ESE Instructional Support (ESE 20 Hour)

COMPONENT NUMBER: 2100006

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Courses will offer instructional support for Students with Disabilities (SWD). These can be behavioral or academic but must provide strategies for teachers to support the success of SWD. All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. Participants will learn specific strategies to support the academic or behavioral success of SWD.

2. Participants will develop, modify and implement a variety of curricular strategies as appropriate for diverse learners.

3. Participants will identify and implement a variety of strategies for restructuring services provided for diverse learners which support and promote inclusive education and shared effective practices.

4. Participants will demonstrate competency in the application of technology to meet the needs of diverse learners.
COMPONENT NAME: ESE Procedural / Legal Requirements (Not ESE 20 Hour)

COMPONENT NUMBER: 8103001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide staff with knowledge, skills, and competencies for implementing federal and state procedural/legal related to Exceptional Student Education.

These courses do not fulfill the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. ESE Liaison training
2. IEP/goal training
3. IDEA
4. FADE
5. Eligibility/Placement
6. Matrix
7. Gifted/EP
8. ESY
9. Procedural safeguards
10. Transition
11. Accommodations/Modifications
12. Re-evaluation
13. Legal Issues
COMPONENT NAME: ESE TEAM (ESE 20 Hour)

COMPONENT NUMBER: 6101002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The TEAM (Techniques For Effective Aggression Management) training provides staff members with a basic understanding of personal safety and student control procedures to ensure an effective and safe learning environment for all students.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. Respond safely to assaultive behavior.
2. Assist in the control of aggression.
3. Use appropriate least restrictive control techniques.
COMPONENT NAME: ESOL Empowering Administrators

COMPONENT NUMBER: 1704001

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

This online workshop provides instruction to meet the ESOL training requirements for School Administrators.

REQUIREMENTS FOR NONSCHOOL ADMINISTRATORS:

In accordance to the Consent Decree in the League of United Latin American Citizens et. al. v. the State Board of Education, 1990, all administrators are required to receive training in the terms of the Consent Decree, the educational needs of limited English proficient students, and cross-cultural issues. It is important to note that the Consent Decree does not require a specific number of in-service credit hours/points for non-school administrators.

REQUIREMENTS FOR SCHOOL ADMINISTRATORS:

In accordance to the September 2003 Modifications to the Consent Decree, school administrators are required to obtain 60 in-service hours/points in English for Speakers of Other Languages (ESOL). All previous ESOL in-service training may be used to satisfy the sixty (60) hours of in-service requirement if mastery of four standards is demonstrated.

The following standards and competencies were developed by a team of state and district level experts as guidance to school districts. District-developed in-service training programs are required to ensure that, at a minimum, school administrators demonstrate mastery of these standards and competencies.

ESOL STANDARDS:

The competencies are aligned to the following four ESOL Standards for School Administrators:

STANDARD A. Establish a system that is welcoming and accessible to all LEP students and their families, as well as in compliance with federal and state regulations and the Consent Decree.

STANDARD B. Establish a system in which the school site appropriately identifies the needs of LEP students; ensures their proper placement; and accurately assesses the progress of English language acquisition and academic achievement of every LEP student within the school.

STANDARD C. Establish and monitor school site and staff procedures to ensure that LEP students enjoy equal access to available programs and comprehensible instruction.

STANDARD D. Properly evaluate student progress, and be able to identify and implement system improvements.

Specific Objectives:
Given involvement in the program, the participant will:

**Component #1704001 (continued)**

27. Demonstrate an ability to assist LEP students in their decision-making process by evaluating information about postsecondary education and other career alternatives.

Session Ten

28. Demonstrate an ability to LEP students to interpret data and forms for admission and financial aid in the postsecondary admissions process and to help them prepare the necessary documentation.

29. Demonstrate an ability to use available technology and internet services to support LEP students in their postsecondary decision-making process.

30. Demonstrate ability to use historical admission patterns and trends to assist LEP students in measuring the appropriateness of their applications to particular colleges, career or vocational institutions to pursue their postsecondary desires.
COMPONENT NAME: ESOL Empowering Teachers

COMPONENT NUMBER: 1704003

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

Empowering ESOL Teachers is a survey-type course that covers the content of the five ESOL endorsement courses. This course is designed to help school-based personnel address cultural diversity by determining the appropriateness of instruction and learning opportunities for LEP students. It is designed to prepare professional educators with the knowledge and skills that they need to help these students succeed.

GENERAL OBJECTIVE:

The purpose of this course is to assist teachers in developing attitudes, skills, and knowledge which will enable them to identify students who are limited English proficient (LEP) and to provide and justify effective instruction for LEP students. Upon completion of this component, participants will be able to modify curriculum and offer instruction and evaluation compatible with student language diversity.

SPECIFIC OBJECTIVES:

1. Recognize the need to provide services for LEP students and for relevant training.

2. Demonstrate an awareness of the extent to which culture permeates every aspect of our being; thinking, feeling, valuing and interacting with others.

3. Distinguish between visible surface characteristics of culture and the many subtle, invisible manifestations of culture known as deep culture.

4. Examine in depth, and become familiar with, characteristics of one’s own culture and how this influences our interactions with and expectations for students.

5. Recognize the states of cultural adaptation for newcomers to any culture and demonstrate awareness of the behavioral characteristics that may be associated with each stage of adjustment and which often appear as classroom problems.

6. Become aware of the wide diversity within any given cultural group and how to use cultural information without depending upon stereotypes and preconceived ideas concerning cultural characteristics.

7. Understand and accept the influence that home, school and community relationships have on academic achievement and school adjustment of students.

8. Utilize student and parent background characteristics to promote effective parental involvement.

9. Develop strategies and activities that promote parent, school and community relationships with the classroom.

10. Develop appropriate and positive expectations for students’ progress in language learning in accord with the processes of first and second acquisition, cognitive development and age of the learner.
11. Plan instructional activities that are appropriate to the stage of language acquisition of the student.

12. Adapt classroom activities and procedures so they maximize second language acquisition and learning, taking into account similarities and differences between first and second language acquisition.

13. Assess students’ oral language output in the classroom by using a structured observation instrument correctly.

14. Develop instructional activities that are appropriate to students’ oral language competence.

15. Understand the process of literacy development and be able to identify various stages of literacy.

16. Describe the similarities in the processes of language acquisition and literacy development.

17. Identify and understand the many uses of language and literacy and the importance of early exposure to the complete range of language uses.

18. Recognize opportunities for promoting literacy across a broad range of uses, utilize those opportunities, and design and implement appropriate literacy activities.

19. Utilize instructional approaches and techniques that integrate language and curricular content learning.

20. Analyze and utilize strategies that combine language and thinking skills and that are related to the content of the curriculum.

21. Develop a lesson plan within a thematic unit using strategies designed to teach language and content simultaneously.

22. Develop strategies that infuse multicultural information throughout the curriculum.

23. Understand the role and function of assessment in the education of limited English proficient students.

24. Identify types of tests and select those appropriate for language minority students and for the particular goals of testing.

25. Analyze various assessment instruments which effectively monitor ESOL students’ mastery of academic material.

26. Develop content-area assessment instruments which effectively monitor ESOL students; mastery of academic material.

27. Use a variety of alternative assessment techniques appropriate for monitoring ESOL students’ progress.

28. Identify the kinds of information necessary for adequate analysis of any learning problems encountered by ESOL students and suggest appropriate instructional changes.
29. Conceptually integrate all sections of the course and note how they fit together or complement each other.

30. Decide which techniques are appropriate with which students in order to work toward course goals.

31. Justify those decisions based on information from various domains.

32. Carry out those decisions with participants’ students.

SAMPLE ACTIVITIES: (Including proposed follow-up, work/school site application): Participants will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.

2. Activities for each reading.

3. Classroom/work area application.

4. Share and provide feedback for others.

EVALUATION PROCEDURES:

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunication, which will result in improved student performance.

3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or the classroom, school or work setting.
COMPONENT NAME: ESOL Endorse - Applied Linguistics

COMPONENT NUMBER: 1702001

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

This component is designed to enable participants to examine modern American English in light of current linguistic theories and to identify practical applications of these theories to the teaching of English to students of diverse ethnic and linguistic backgrounds.

GENERAL OBJECTIVE:

1. To acquire a greater understanding of the structure of English from a modern day linguistic perspective.

2. To analyze the structure of English to contrast with the language(s) of the target population in a given class.

SPECIFIC OBJECTIVES:

Upon successful completion of the component, participants will be able to:

1. Demonstrate an understanding of the nature of language as a system for communication.

2. Identify the subsystems the English language uses for communication.

3. Explain the phonemic-graphemic (sound to symbol) relationship of English.

4. Categorize basic concepts of phonology as they apply to language development. (e.g., stress, intonation, juncture, and pitch).

5. Identify the significant features of the phonological systems that cause problems in understanding, speaking, reading, and writing English among LEP students of diverse language backgrounds.

6. Identify the significant features of the grammatical/structural systems (morphological and syntactic) that interfere with understanding, speaking, reading, and writing English.

7. Identify significant lexical features that interfere with understanding, speaking, reading, and writing English.

8. Determine phonemic characteristics in a given work, (e.g., consonants, blends, vowels, diphthongs).

9. Show familiarity with a commonly used system of phonic transcription such as the International Phonetic Alphabet or Trager-Smith.

10. Determine phonological characteristics that are meaningful/significant for LEP students in relation to their native language(s) such as voicing of consonants (rice/rise), intonation and rhythm/stress and juncture.
Component #1702001 (continued)

11. Identify word order features of English that represent interferences for LEP students of diverse backgrounds.

12. Show familiarity with morphological features of English that represent interferences for LEP students to diverse backgrounds.

13. Show familiarity with lexical features of English that represent interferences for LEP students of diverse backgrounds such as misleading cognates, and words with various social cultural and contextual meanings.

15. Identify structural patterns in a given word such as root words, affixes, and syllables.

16. Show familiarity with compound word and noun adjunct structures in English.

17. Apply principles of English morphology as they relate to language acquisition.

18. Compare the characteristics of idiomatic expressions, slang, and standard American English.

19. Determine principles of morphological interference between English and other languages.

21. Recognize methods of grammatical analysis: traditional, structural, or contemporary.

22. Determine principles of syntactic interference between English and other languages.

23. Identify the principles, characteristics, and terminology of current first and second language acquisition theories.

24. Compare language acquisition of different age groups, e.g., elementary, secondary, and adult.

25. Differentiate language proficiencies relating to basic interpersonal communicative skills vs. cognitive academic language skills.

26. Identify principles of contrastive and error analysis.

27. Identify exceptionalities characteristic of LEP students such as gifted, SLD, EMR and EMH.

28. Apply ESOL instructional strategies for specific learning styles.

29. Demonstrate the ability to contrast the English language and the language(s) of the diverse LEP language groups in a given ESOL class.

30. Demonstrate the ability to identify potential linguistic interferences in a given text, such as reading lessons and content subject matter.
31. Demonstrate the ability to overcome linguistic interferences in reading and content area materials.

SAMPLE ACTIVITIES:
(Including proposed follow-up, work/school site application):
Participants will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.
2. Activities for each reading.
3. Classroom/work area application.
4. Share and provide feedback for others.

EVALUATION PROCEDURES:

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunications, which will result in improved student performance.

3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or classroom, school or work setting.
COMPONENT NAME: ESOL Endorse - Cross Culture

COMPONENT NUMBER: 1705001

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

This component is designed to develop awareness and understanding of the major cultures represented by the different language minorities within the state. It will provide insights that will enable participants to plan and implement curriculum, instruction, and assessment activities that will meet the special needs of limited English proficient students (LEP) who are speakers of other languages.

GENERAL OBJECTIVE:

1. To identify the major cultures represented by the LEP students in Florida public schools, K-12 and Adult in order to develop better cross cultural understanding among all groups and to meet appropriately their special needs within the school and community setting.

SPECIFIC OBJECTIVES:

1. Identify the major significant cultures represented by the LEP population in Florida.

2. Describe significant (cultural) characteristics of the major culture groups.

3. Identify specific characteristics of U.S. “American” cultures.

4. Identify culture specific non-verbal communications such as gestures, facial expressions, and eye contact that may lead to misinterpretation in cross-cultural interactions.

5. Compare/contrast different sociolinguistic language functions, such as formal and informal, age and regional language expressions common in the U.S. among teenagers and occupational/professional groups, farmers, western cowboys, southern cotton or sugar cane growers, etc.

6. Distinguish true cultural characteristics from stereotypes.

7. Compare and contrast major features of U.S. culture with those of other cultures.

8. Identify culture specific non-verbal communications, such as gestures, facial expressions, and eye contact, that may lead to misinterpretations in cross-cultural interactions.

9. Identify major differences in educational systems represented by target groups with a view to ascertain appropriate grade placement of students.

10. Identify possible “problem” differences to be observed in academic/content areas because of differences in educational/academic background of literate students and their parents; e.g. division procedures in math and early introduction of cursive writing among Hispanic groups, differences in alphabets, eye-orientation in reading and writing, etc., among other European and Asian groups.
11. Identify major attitudes of target group parents/community toward school, teachers, discipline and education in general that may lead to misinterpretation by U.S. school personnel; e.g., failure to participate actively in PTSA.

12. Identify specific culturally different “school behaviors” of target groups that may lead to disciplinary action, ridicule, or other conflicts within U.S. school systems, e.g., Cuban girls’ refusal to shower in open showers after P.E. class; some deep-seated religious observances among various groups.

13. Demonstrate the ability to identify cultural variations in the classroom and their influence on student behavior and attitudes.

14. Give evidence of a working grasp of the culture of the population with which the teacher is to work.

15. Demonstrate the ability to maximize student potential by using recent findings of educational/psychological research affecting student learning, such as differences in cognitive/learning styles and brain hemisphere dominance, which may also be culturally related.

16. Identify teacher behaviors which indicate sensitivity to cultural and linguistic differences.

17. Apply ethnolinguistic and cross-cultural knowledge to classroom management techniques.

18. Identify strategies for facilitating articulation with the administration, content area teachers, parents, and the community.

19. Demonstrate awareness of culturally determined behavior of target groups that is intimately related to diversity in family structure and relations, life cycles, role models, decorum, discipline, religion, health, food, dress tradition.

20. Demonstrate ability to identify cultural bias in content area materials and possible impact on the target groups.

21. Demonstrate ability to identify cultural bias in assessment materials.

22. Demonstrate ability to bridge cultural bias in content materials without affecting its integrity.

23. Demonstrate ability to bridge cultural bias in assessment materials without affecting validity or reliability.

24. Demonstrate ability to plan cross cultural activities that will sensitize students to a diversity of cultures.

25. Demonstrate ability to accept and resolve culturally defensive/aggressive behavior on the part of the students.

26. Demonstrate ability to bridge cross cultural gaps between students/parents and the school setting.

27. Demonstrate ability to enable students to acknowledge the existence of cultural differences and to make the necessary adjustment to function successfully in their new/second culture and within a multicultural setting.
Component #1705001 (continued)

28. Demonstrate knowledge of culturally relevant facts related to the major cultures represented by the target group, such as important historical events and geographic features, literary, artistic, and musical accomplishments of their people.

29. Demonstrate ability to use cross cultural awareness in designing instructional activities.

30. Demonstrate ability to use cross cultural awareness in designing criterion-references tests.

SAMPLE ACTIVITIES: (Including proposed follow-up, work/school site application): Participants will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.

2. Activities for each reading.

3. Classroom/work area application.

4. Share and provide feedback for others.

EVALUATION PROCEDURES:

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunications, which will result in improved student performance.

3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or classroom, school or work setting.
COMPONENT NAME: ESOL Endorse - Curriculum

COMPONENT NUMBER: 1703001

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

This 60 hour component focuses on applications of the theories, principles and current research related to second language acquisition, as well as instructional techniques and materials relevant to develop of ESOL curriculum.

GENERAL OBJECTIVES:

1. To improve and enhance the participants knowledge of ESOL curriculum.

2. To improve and enhance the participants knowledge of materials appropriate for use with LEP students.

SPECIFIC OBJECTIVES:

1. Distinguish between ESOL and language arts curricula.

2. Distinguish between Basic Interpersonal Communicative Skills (BICS), and Cognitive Academic Language Proficiency (CALP) as it applies to ESOL curriculum.

3. Describe the pullout ESOL model.

4. Describe the immersion ESOL model.

5. Describe the ESOL through content area model.

6. Identify other possible ESOL programmatic models.

7. Identify aspects of the school curriculum not appropriate for use with LEP students.

8. Adapt items from the school curriculum to cultural differences.

9. Adapt items from the school curriculum to linguistic differences.

10. Select appropriate ESOL content according to levels of proficiency in listening.

11. Select appropriate ESOL content according to levels of proficiency in speaking.

12. Select appropriate ESOL content according to levels of proficiency in reading.

13. Select appropriate ESOL content according to levels of proficiency in writing.

14. Select appropriate ESOL content according to levels of proficiency in culture.
Component #1703001 (continued)

15. Identify content specific vocabulary.
16. Identify culture specific features of content curricula.
17. Develop appropriate curriculum for ESOL at the elementary school level.
18. Develop appropriate curriculum for ESOL at the middle school level.
19. Develop appropriate curriculum for ESOL at the high school level.
20. Identify characteristics unique to the evaluation of ESOL text.
21. Identify criteria for the development of an ESOL entry test.
22. Identify criteria for the development of an ESOL exit test.
23. Identify criteria for the selection of state adopted ESOL curricular materials.
24. Demonstrate the ability to evaluate and select appropriate ESOL instructional materials in elementary schools.
25. Demonstrate the ability to evaluate and select appropriate instructional materials for ESOL in middle schools.
26. Demonstrate the ability to evaluate and select appropriate instructional materials for ESOL in high schools.
27. Identify characteristics to be considered when selecting printed media for ESOL classes.
28. Identify potential linguistic and cultural biases in existing texts and materials.
29. List examples of realia which are designed to teach LEP students.
30. Describe the use appropriate instructional equipment/materials for ESOL lessons, e.g. language masters, filmstrips, video cassettes, audio cassettes, and computers.
31. Identify characteristics to be considered when selecting computer assisted instructional materials for ESOL classes.

SAMPLE ACTIVITIES: (Including proposed follow-up work/school site application): Participant will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.
2. Activities for each reading.
3. Classroom/work area application.
Component #1703001 (continued)

4. Share and provide feedback for others.

EVALUATION PROCEDURES:

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunications, which will result in improved student performance.

3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or classroom, school or work setting.
COMPONENT NAME: ESOL Endorse – Methods of Teaching

COMPONENT NUMBER: 1700001

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

This component is designed to enable the participants to learn about second language philosophy, methodology and contrastive analysis between teaching English to native speakers and English to Speakers of Other Languages.

GENERAL OBJECTIVE:

1. To enable participants to identify and apply major ESOL methodologies and approaches.

SPECIFIC OBJECTIVES:

1. Distinguish between the acquisition of language arts skills in the English for Speakers of Other Languages and in the English program for native speakers.

3. Apply essential strategies for developing listening skills.

4. Apply essential strategies for developing speaking skills.

5. Apply essential strategies for developing reading skills.

6. Apply essential strategies for developing writing skills.

7. Recognize contributions of major leaders in the field of ESOL methodology.

9. Develop applications of the major ESOL methodologies and approaches in relation to the various needs of LEP students, e.g. language proficiency, age, interest level, and learning styles.

10. Identify major methodologies and current trends in ESOL teaching.

11. Identify characteristics and applications of ESOL approaches.

12. Develop applications of Total Physical Response for the beginning stages of ESOL learning.

13. Plan a Language Experience Approach lesson appropriate to LEP students.

14. Identify features of natural/communicative approaches to teaching ESOL.

15. Identify characteristics of aural/oral approaches in developing listening, speaking, reading and writing skills.

16. Demonstrate awareness of the central role of ESOL within the total school curriculum.
Component #1700001 (continued)

17. Identify cognitive approaches to second language learning.

18. Identify features and demonstrate applications of content based ESOL approaches.

19. Develop lesson plans demonstrating appropriate strategies for teaching reading, especially as related to the establishment of sound system correspondence in terms of patterns.

20. Identify features and demonstrate applications of content area reading instruction for LEP students.

21. Compare various instructional strategies used in ESOL classrooms with those used in regular English classrooms.

22. Apply multi sensory ESOL strategies in relation to learning styles.

23. Demonstrate effective lesson planning by providing multi-level ESOL activities for a variety of situations, such as individual, small group and whole group instruction, cooperative learning, and learning centers.

24. Plan lessons utilizing peer tutors, volunteers, or aides.

25. Demonstrate ability in classroom management including, flexible scheduling, appropriate room arrangement, and utilizing external resources.

26. Identify ESOL specific classroom management techniques for a multi-level class, e.g., choosing group leaders, arranging rooms according to teacher/student responsibilities, utilizing audio visual materials, giving positive feedback, and using time wisely.

27. Determine strategies for content area teachers to use with LEP students.

28. Design activities that will prepare students in the ESOL program to make a smooth transition to the regular program.

29. Recognize major language education professional organizations.

30. Demonstrate knowledge of the historical development of ESOL.

31. Demonstrate knowledge of major professional publications related to ESOL.

32. Evaluate and select available instructional materials in terms of student needs including age, language proficiency, cultural background, and learning styles.

33. Demonstrate ability to use instructional materials appropriately.

34. Discriminate between a learning disability and limited language proficiency.

35. Develop lesson plans demonstrating appropriate strategies for insuring a smooth transition from the ESOL reading program to regular English reading program.
**Component #1700001** (continued)

**SAMPLE ACTIVITIES:** (Including proposed follow-up, work/school site application):
Participants will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.
2. Activities for each reading.
3. Classroom/work area application.
4. Share and provide feedback for others.

**EVALUATION PROCEDURES:**

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunications, which will result in improved student performance.

3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or classroom, school or work setting.
COMPONENT NAME: ESOL Endorse – Testing and Evaluation

COMPONENT NUMBER: 1701001

MAXIMUM INSERVICE POINTS: 60

BRIEF DESCRIPTION:

This 60 hour component is designed to improve and enhance the participants knowledge to select and develop instruments of evaluation suitable for use with students who demonstrate limited English proficiency.

GENERAL OBJECTIVE:

1. Demonstrate the ability to assess initial English language proficiency for placement and instruction.

2. Identify and/or develop instruments to determine the ability of students to function independently in regular classes for English speakers.

SPECIFIC OBJECTIVES:

1. Identify suitable ESOL assessment instruments which assist in complying with legal obligations of districts serving LEP students.

2. Identify levels of English proficiency to place students appropriately for ESOL instruction.

3. Identify tests of English proficiency to place students appropriately at the intermediate level of ESOL instruction.

4. Identify tests of English proficiency to place students appropriately at the advanced level of ESOL instruction.

5. Identify tests of English proficiency to place students appropriately at the advanced level of ESOL instruction.

6. Identify tests for evaluating attitudes towards U.S. culture and behavior appropriate to it.

7. Adapt content area tests to ESOL levels appropriate to LEP students.

8. Identify instruments to determine the ability of students to function independently in regular classes for English speakers.

9. Identify available ESOL exit level tests.

10. Identify cultural biases in commercial tests.

11. Construct ESOL listening test items.

12. Construct ESOL speaking test items.

13. Construct ESOL reading test items.
Component #1701001 (continued)

14. Construct ESOL writing test items.

15. Construct ESOL test items to assess cultural knowledge.

16. Identify the differences between norm-referenced tests.

17. Identify criteria to select appropriate norm-referenced tests.

18. Identify criteria to select appropriate criterion-referenced tests.

19. Define the different kinds of validity in tests.

20. Define reliability.

21. Describe the use of test item analysis.

22. Design appropriate proficiency tests to measure progress of LEP students in ESOL classes.

23. Design appropriate tests to measure achievement of LEP students.

25. Interpret assessment data of LEP students as it relates to placement in ESOL.

26. Interpret assessment data of LEP students as it relates to progress in ESOL.

27. Identify necessary records and documents maintained for LEP students.

SAMPLE OBJECTIVES: (Including proposed follow-up, work/school site application): Participants will engage in readings, activities and feedback in order to help them master the identified competencies.

1. Readings.

2. Activities for each reading.

3. Classroom/work area application.

4. Share and provide feedback for others.

EVALUATION PROCEDURES:

1. Participant Evaluation: Instructor observation; successful completion of all class assignments; product assessment; active class participation.

2. Component Evaluation: Teachers will assure comprehensible instruction to LEP students at varying levels of English proficiency by adapting curriculum, modifying assessments, incorporating effective ESOL strategies and protecting students from the effects of miscommunications, which will result in improved student performance.
3. Component Activity Evaluation: Participants will complete a general questionnaire regarding the perceived impact of the training on job performance and/or classroom, school or work setting.
COMPONENT NAME: ESOL Training

COMPONENT NUMBER: 1705002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Increase and update knowledge based on the recent program, legal issues and changes related to the teaching of LEP students and the commensurate responsibilities associated with that function.

SPECIFIC OBJECTIVES:

1. Articulate the legal requirements for teaching LEP students, including entry and exit requirements.

2. Articulate any recent legal changes.

3. Describe and demonstrate appropriate lesson plans for LEP students.

4. Demonstrate the completion of the limited-English proficient student plan.

5. Explain the functions of the LEP committee, and data worksheet elements.
COMPONENT NAME: Family / Community Involvement

COMPONENT NUMBER: 2600001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Provide participants with knowledge and skills that will ensure family/community involvement with the Sarasota County School District.

SPECIFIC OBJECTIVES:

1. To welcome parent and community involvement.
2. Utilize best practices.
3. Encourage greater participation with the larger community.
COMPONENT NUMBER: 7408001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To develop personnel who can introduce other teachers to the Florida Performance Measurement System.

SPECIFIC OBJECTIVES:

1. Participants will demonstrate classroom management behaviors consistent with FPMS.

2. Participants will demonstrate questioning and concept formation behaviors consistent with FPMS.

3. Participants will develop class lesson plans consistent with FPMS.

4. Participants will be able to identify concepts and indicators from the FPMS as measured by 80% accuracy on the post test.

5. Participants will understand the research from the FPMS as measured by a true/false exam at 80% accuracy.

COMPONENT NAME: Food Services
COMPONENT NUMBER: 8505001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To provide Food Service employees with knowledge and skills in food management and preparation to serve attractive and nutritious meals to students in a clean, efficient and friendly environment.

SPECIFIC OBJECTIVES:
Upon successful completion of this activity, participants will be able to:

1. Practice sanitation rules and regulations as they relate to food service operations.
2. Demonstrate competencies in meal planning, preplanning, ordering, producing meals, managing personnel, and keeping records in accordance with procedures taught.
3. Demonstrate the ability to incorporate school lunch program requirements in areas of meal patterns reimbursement and work schedules.
4. Demonstrate the ability to follow meal patterns, adhere to sanitation policies, and complete employee work schedules.
5. Demonstrate ability to identify basic management principles and personnel management strategies.
6. Define the roles and responsibilities of various school food service personnel.
7. Increase understanding of the integration of school food service in the total educational program.
8. Analyze the basic elements of nutrition as they relate to human growth and development.
9. Increase competency in analyzing the physical, social, psychological, and cultural functions of food.
10. Increase competency in the ability to list, define, and understand the components of the Dietary Guidelines and put them into practice.
11. Increase competency in the ability to define terms for food preparation and purchasing.
12. Demonstrate competency in the proper use and care of large and small food preparation and service equipment.
13. Demonstrate increased competency in the knowledge of the nutrition requirements of the school breakfast and lunch programs.
14. Demonstrate increased competency in employee relations and program promotion.
COMPONENT NAME: Foreign Language

COMPONENT NUMBER: 1004001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this objective is to provide teachers with the knowledge and skills necessary to effectively demonstrate knowledge and understanding of the subject matter.

SPECIFIC OBJECTIVES:

1. Identify changes in laws, rules, regulations, and procedures governing the subject matter.

2. Demonstrate in-depth understanding of content and skills in the specific subject field.

3. Communicate accurate knowledge of subject matter in a language and style appropriate to the learner, regardless of cultural and linguistically diverse backgrounds.

4. Use references, materials, strategies, and technologies of the subject field in a manner appropriate to the developmental state of the learner.

5. Identify and organize a breadth of subject matter knowledge to enable students to approach and inter-relate content from a variety of perspectives, interest, and points of view.

6. Demonstrate a breadth of subject matter knowledge to collaborate with colleagues from other subject fields in the integration of instruction.

7. Demonstrate knowledge of current subject field methods, trends, and research that improve student performance.

8. Demonstrate applications of the subject field knowledge to real world situations, and links to other disciplines.

9. Demonstrate knowledge of district and state curriculum requirements and program of studies, and required instruction of the specific subject field.

10. Demonstrate progress toward short-and long-term professional goals relating to knowledge of the subject field.
COMPONENT NAME: General Support Services

COMPONENT NUMBER: 8506001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To provide participants with the knowledge skills and competencies necessary to effectively improve student achievement, health and safety.

SPECIFIC OBJECTIVES:
1. Apply the knowledge and skills gained to their job.
2. State at least three (3) ideas gained from the activity.
3. Share the benefits gained with a colleague.
COMPONENT NAME: GIFTED Endorse – Creativity for Gifted

COMPONENT NUMBER: 2106005

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

To provide an overview of theory, research, practical strategies and resources of creativity with an emphasis on classroom applications.

SPECIFIC OBJECTIVES:

Upon successful completion of this activity, participants will be able to:

1. Explain at least four published definitions of creativity, formulate a personal definition of creativity, and understand four important factors that contribute to creative productivity.

2. Compare and contrast creativity with related topics including thinking skills, convergent and divergent thinking, problem solving, decision-making, and describe the relationship between creativity and at least three conceptions of giftedness or talent.

3. Explain the benefits and importance of creativity for students in modern schools.

4. Identify and give examples of the basic ground rules for creativity including deferred judgement and affirmative judgement.

5. Identify and explain several obstacles to creativity including both internal blocks and external barriers.

6. Explain at least four cognitive characteristics associated with creativity.

7. Explain at least six personal style characteristics associated with creativity.

8. Describe and apply brainstorming and idea.
COMPONENT NAME: GIFTED Endorse – Curriculum Development

COMPONENT NUMBER: 2106001

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

To provide an overview of planning, developing, implementing, and evaluating curriculum and instruction appropriate for learners who are gifted.

SPECIFIC OBJECTIVES:

Upon successful completion of this activity, participants will be able to:

1. Demonstrate knowledge of the principles of differentiation for designing curriculum experiences appropriate for students who are gifted.

2. Compare and contrast models for teaching critical thinking, problem-solving, and decision-making skills.

3. Demonstrate knowledge of scope and sequence of basic curriculum and teaching resources.

4. Demonstrate knowledge of appropriate resource materials and curriculum for teaching students who are gifted.

COMPONENT NAME: Instructional Strategies
COMPONENT NUMBER: 2408001
MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this objective is to provide teachers with the knowledge and skills necessary to effectively demonstrate knowledge and understanding of various instructional strategies.

SPECIFIC OBJECTIVES:

Participants will demonstrate knowledge and skill competencies in such instructional strategies as:

1. Lesson Design
2. Critical Thinking
3. Cooperative Learning
4. Madeline Hunter
5. CORE Knowledge
6. 4-MAT
7. Block Scheduling
8. Any other instructional strategy not already listed in the Master In-service Plan.
COMPONENT NAME: Instructional Technology: ACTIV Technology

COMPONENT NUMBER: 3003005

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Through the use of ActivTechnologies, specifically ActivBoard and ActivStudio, teachers will enhance their technology integration skills in order to impact curricular content delivery and promote student engagement.

SPECIFIC OBJECTIVES:

1. Participants will align curriculum instruction to district standards and define appropriate use of Activ Board and Activ Resources.

2. Participants will be able to recognize and describe the benefits of ActivTechnologies in lesson design and delivery

3. Participants will demonstrate the ability to enhance a lesson using ActivTechnologies

4. Demonstrate the ability to Plan and design a lesson which integrates ActivTechnology
COMPONENT NAME: Instructional Technology: Digital Literacy I

COMPONENT NUMBER: 3003006

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Activities will provide instruction to teachers in the use and integration of learning technologies into the daily curriculum. Demonstrations of researched based best practices will assist teachers in development of skill and awareness district support technology resources.

SPECIFIC OBJECTIVES:

5. Participants will align curriculum instruction to district standards and define appropriate use of learning technology

6. Participants will be able to recognize and describe the benefits of learning technologies in lesson design and delivery

7. Participants will demonstrate the ability to enhance a lesson using learning technologies

8. Demonstrate increased personal proficiency in use of district endorsed technology tools
COMPONENT NAME: Instructional Technology: Instructional Learning Systems

COMPONENT NUMBER: 3003007

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Activities will provide instruction to teachers in the use and integration of district endorsed Instructional Learning Systems. Training focused on implementation and classroom follow up will support participants in the best practice use, instructional support, and classroom follow up designed to impact student achievement.

SPECIFIC OBJECTIVES:

9. Participants will align student use to district standards and high academic needs of their school to effective use of the school’s Instructional Learning System.

10. Participants will demonstrate skills needed be able to retrieve timely student progress data from the Instructional Learning System.

11. Participants will demonstrate the ability to interact with Instructional Learning System’s management tool and individualize student instruction to address high - need learning concerns for all participating students.

12. Demonstrate increased personal proficiency in development of classroom follow up activities designed address student needs as profiled by progress data available through daily reports accessed by the teacher.
COMPONENT NAME: Interdisciplinary / Cross Content

COMPONENT NUMBER: 1007001

7. Maintain grounds at the facility.

8. Provide first aid procedures and CPR techniques when necessary.

9. Demonstrate proper use of chemicals.

10. Communicate and interact effectively with students, teachers, administrators, parents, and other stakeholders.

11. Perform the duties and responsibilities described in the individual’s job description.
COMPONENT NAME: Pre-Kindergarten

COMPONENT NUMBER: 2012001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide educators with the knowledge, skills, and competencies necessary to use in the understanding of learning and human development to provide a positive learning environment which supports the intellectual, personal, and social development of all students.

SPECIFIC OBJECTIVES:

1. Recognize the developmental level of each student as indicated by behaviors, writings, drawings, and other responses, etc.

2. Stimulate student reflection on previously acquired knowledge and link new knowledge and ideas to already familiar ideas.

3. Incorporate an extensive repertoire of activities, strategies, technologies, and materials to engage the learner and to accommodate different student learning needs, developmental levels, and experiential backgrounds.

4. Implement appropriate provisions for individual students based upon their learning needs and developmental levels.

5. Develop instructional curriculum with attention to learning theory, subject matter structure, curriculum development, and student development.

6. Present concepts and principles at different levels of complexity so that they are meaningful to students at varying levels of development.

7. Develop short-and long-term personal and professional goals relating to human development and learning.
COMPONENT NAME: READING Endorsement Competency 1 Language

COMPONENT NUMBER: 1013006

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

The purpose of this component is to provide the opportunity to develop a substantive knowledge of language structure, function and cognition for each of the five major components of the reading process. Upon successful completion of the component, participants will be able to: analyze and apply the basic concepts of phonology as they relate to language development; recognize and apply structural analysis as they relate to words; understand the role of fluency in reading development; apply principles of morphemic analysis; and understand the impact of different text structures on the construction of meaning.

The participants will demonstrate mastery at or above an 80% level of all required indicators as determined by pre/post test or other valid measures and will complete any other assessment procedures required by the instructor as referenced in the matrix on page 5 of this document.

SPECIFIC OBJECTIVES:

Phonemic Awareness

1. Identify and apply basic concepts of phonology as they relate to language development and reading performance (e.g., phonological processing, inventory of phonemes, phonemic awareness skills, phonemic analysis)
2. Distinguish both phonological and phonemic differences in language and their applications in written and oral discourse patterns (e.g., language & dialect differences)

Phonics

3. Identify structural patterns of words as they relate to reading development and reading performance (e.g., inventory of orthographic representations, syllable conventions; spellings of prefixes, root words, affixes)
4. Apply structural analysis to words (e.g., orthographic analysis, spelling morphologies, advanced phonics skills)

Fluency

5. Identify the principles of reading fluency as they relate to reading development
6. Understands the role of reading fluency in development of the reading process

Vocabulary

7. Identify and apply principles of English morphology as they relate to language acquisition (e.g., identify meanings of morphemes, inflectional and derivational morphemes, morphemic analysis)
8. Identify principles of semantics as they relate to vocabulary development (e.g., antonyms, synonyms, figurative language, etc.)

Comprehension

9. Identify principles of syntactic function as they relate to language acquisition and reading development (e.g., phrase structure, types of sentences, sentence manipulations)
10. Understands the impact of variations in written language of different text structures on the construction of meaning
11. Identify cognitive task levels and the role of cognitive development in the construction of meaning of a variety of texts (e.g., knowledge, comprehension, application, analysis, synthesis, evaluation)
Component #1013006 (continued)

12. Understands the transactive nature of the reading process in constructing meaning from a wide variety of texts and for a variety of purposes (e.g., text connections: within texts, across texts, from text to self, from text to world)
13. Integration of the major reading components.
14. Identify language characteristics related to informal language and cognitive academic language.
15. Identify language characteristics related to informal language and cognitive academic language.
16. Identify phonemic, semantic, and syntactic variability between English and other languages.
17. Understands the interdependence between each of the major reading components and their effect upon fluency in the reading process (e.g., reading rate: phonological processing and construction of meaning)
18. Understands the interdependence between each of the major reading components and their affect upon comprehension (e.g., construction of meaning: vocabulary, fluency)
19. Understands the impact of dialogue, writing to learn, and print environment upon reading development

ACTIVITIES:

Participants will be expected to apply knowledge from this component to classroom practice. The following activities may be independent or collaborative, and may include, but are not limited to:

1. Complete a Classroom Communication Checklist on a student to identify underlying language concerns in listening, speaking, reading, writing.
2. Review Curriculum Standards and identify underlying language skills needed to access Language Arts curriculum
3. Identify phonemes in the English language.
4. Model activities that address each level of phonemic awareness.
5. Model prosody and intonation relative to meaning in oral and written language.
6. Model lesson on teaching vocabulary.
7. Review strategies for teaching vocabulary across grade levels.
8. Identify strategies teachers can use to build vocabulary before, during and after students read text.
9. Identify a variety of syntactical structures within a literary context.
10. Identify effective strategies for word recognition and comprehension.
11. Develop a language lesson incorporating levels of cognition.
12. Review current literature on language and literacy.
13. Identify explicit, systematic instructional plans for scaffolding development of cognition and comprehension skills.
14. Identify and examine resources and practices that create a language rich and print rich environment.
15. Select appropriate materials that address cultural and language differences.

METHODS OF DELIVERY:

Lecture
Demonstration
Cooperative group activities
Discussion
Review and summary of professional journal articles

EVALUATION PROCEDURES:

Pre/Post Test
Rubric/Checklist for Performance/Product Based Assessments
Participant Portfolio
COMPONENT NAME:       READING Endorsement Competency 2 FOR-PD

COMPONENT NUMBER:     1013002

MAXIMUM INSERVICE POINTS:   60

GENERAL OBJECTIVES:

Understand the principles of scientifically – based reading research in scaffolding each of the major components of the reading process toward student mastery. This course also satisfies Competency 2 of the 300 hour k-12 Reading Endorsement, prerequisite course for REESOL, and a prerequisite to CAR-PD.

SPECIFIC OBJECTIVES:

1. Participants will identify the five areas of reading.

2. Participants will identify comprehensive instructional plans that synchronize the major reading components (e.g. lesson plan, structural analysis, morphemic analysis, reciprocal teaching, rereading, etc.)

3. Participants will identify explicit, systemic plan for scaffolding content area vocabulary development and reading skills.

4. Participants will indentify resources and research-based practices that create both language-rich and print-rich proficiency.

5. Participants will identify research-based guidelines and selection tools for choosing, literature and expository text appropriate to students’ interests and independent reading proficiency.
COMPONENT NAME: READING Endorsement Competency 3 Assessment

COMPONENT NUMBER: 1013003

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVES:

In this component, teachers will gain an understanding of the role of assessment in identifying students’ reading needs in the five important components of reading, guiding reading instruction, and evaluating progress. Teachers will learn to identify, administer, and interpret data gained from the assessments. Types of assessments will include screening, diagnosis, and progress monitoring assessments. Upon successful completion of the course, teachers will be able to choose and administer appropriate reading assessments, differentiate instruction, and monitor and evaluate student progress.

The participants will demonstrate mastery at or above an 80% level of all required indicators as determined by pre/post test or other valid measures and will complete any other assessment procedures required by the instructor as referenced in the Matrix found on page 5 of this document.

SPECIFIC OBJECTIVES:

1. Describe or recognize appropriate test formats and types of test items for assessing the major elements of reading growth: phonemic awareness, phonics, fluency, vocabulary, and reading comprehension
2. Understands the role of assessment in planning instruction to meet student learning needs
3. Interpret students’ formal and informal test results.
4. Identify measurement concepts and characteristics and uses of norm-referenced and criterion-referenced tests.
5. Understand the meaning of test reliability and validity, and describe major types of derived scores from standardized tests
6. Demonstrate knowledge of the characteristics, administration, and interpretation of both quantitative and qualitative instructional assessments (to include each of the following: screening, diagnosis, progress monitoring, and outcome measures).
7. Analyze data to identify trends that indicate adequate progress in student reading development.
8. Understand how to use data to differentiate instruction (grouping strategies, intensity of instruction: ii vs. iii)
9. Understand how to interpret data with application of instruction that matches students with appropriate level of intensity of intervention (in whole class, small group, one-to-one), with appropriate curricular materials, and with appropriate strategies.
10. Identify appropriate criteria for selecting materials to include in portfolios for monitoring student progress over time.
11. Identify interpretive issues that may arise when English language tests are used to assess reading growth in LEP students
12. Identify reading assessment techniques appropriate for diagnosing and monitoring reading progress of LEP students and students with disabilities in the area of reading.

ACTIVITIES:

Discussion of professional articles and topics found in the resource text
Access, interpretation, and analysis of classroom and school data
Using school data to differentiate classroom instruction
Using data to aid in the selection of core and supplemental reading programs, materials, and instructional strategies
Recognizing data’s role in initial instruction and immediate intensive intervention
Analysis of assessment reliability and validity

METHODS OF DELIVERY:
Teachers will participate in an online reading course provided by Dr. Laura Hassler through FSU Learning Systems Institute. This is a web-based class.

EVALUATION PROCEDURES:
Action research project
Individual professional development plan
Final examination
COMPONENT NAME: READING Endorsement Competency 4 DI

COMPONENT NUMBER: 1105015

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVES:

The purpose of this component is to increase teacher knowledge and skill at providing reading instruction for diverse learners, including students with language and cognitive differences. Participants will learn to use reading assessment data to differentiate instruction and use scientifically-based reading research to inform their practice. Upon successful completion of the components, participants will provide instruction for small groups of students with similar needs.

The participants will demonstrate mastery at or above an 80% level of all required indicators as determined by pre/post test or other valid measures and will complete any other assessment procedures required by the instructor as referenced in the Matrix found on page 5 of this document.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES FOR FOUNDATIONS OF DIFFERENTIATION:

1. Identify the characteristics of both language and cognitive development and their impact on reading proficiency.
2. Compare language, cognitive, and reading acquisition of different age groups (primary, intermediate, secondary levels) and abilities.
3. Identify language acquisition characteristics of learners from mainstream, students with exceptional needs, and diverse populations.
4. Identify stages of reading development for diverse learners, including mainstream students, LEP students, and students with disabilities in reading.
5. Identify common difficulties in development of each of the major reading components.
6. Understands specific appropriate reading instructional accommodations for students with exceptional needs and LEP students.
7. Identify principles of differentiating instruction for all students in mainstream classes, including students with disabilities in reading, and LEP students.
8. Identify strategies effective and more skilled readers use for word recognition and comprehension in contrast to those strategies used by beginning and/or struggling readers.
9. Select appropriate materials that address cultural and linguistic differences.
10. Identify structures and procedures for monitoring student reading progress.

SPECIFIC OBJECTIVES FOR APPLICATION OF DIFFERENTIATED INSTRUCTION:

1. Apply knowledge of scientifically based reading research in each of the major reading components as it applies to reading instruction (phonemic awareness, phonics, vocabulary, fluency, comprehension).
2. Apply research-based practices and materials for preventing and accelerating both language and literacy development.
3. Identify techniques for scaffolding instruction for children having difficulty in each of the five major components of reading growth
4. Apply research-based instructional practices for developing students’ phonemic awareness.
Component #1105015 (continued)

5. Apply research-based instructional practices for developing students’ phonics skills and word recognition.
6. Apply research-based instructional practices for developing students’ reading fluency, automaticity, and reading endurance.
7. Apply research-based instructional practices for developing both general and specialized content area vocabulary.
8. Apply research-based instructional practices for developing students’ critical thinking skills.
9. Apply research-based instructional practices for facilitating reading comprehension.
10. Apply knowledge of language to instruction in working with LEP students that are at different levels of oral proficiency.
11. Identify instructional strategies to facilitate students’ metacognitive skills in reading.
12. Identify reliable and valid assessment procedures to validate instructional applications.
13. Identify and set goals for instruction and student learning based on assessment results to monitor student progress.

ACTIVITIES:

Participants will receive instruction using the Foundations and Application of Differentiated Instruction modules designed by FLARE and approved by Just Read Florida as meeting the objectives of competencies 4 and 5. Some of the activities in which participants will engage include, but are not limited to:
Action research
Investigative activities
Professional review and reflection
Administration and interpretation of reading assessments and their data

METHODS OF DELIVERY:

Lecture
Small group differentiation of instruction
Jigsaw of professional articles

EVALUATION PROCEDURES:

Reflection log
Lesson plan
Action plan based on identification of student performance difficulties
COMPONENT NAME: READING Endorsement Comp 5 Practicum

COMPONENT NUMBER: 1013005

INSERVICE POINTS: 60

GENERAL OBJECTIVES:

This component is designed to be the culminating experience of the reading endorsement add-on program. Participants will demonstrate their ability to integrate the content of all of the previous components and their research into classroom practice with students.

The participants will demonstrate mastery at or above an 80% level of all required indicators as determined by pre/post test or other valid measures and will complete any other assessment procedures required by the instructor as referenced in the Matrix found on page 5 of this document.

SPECIFIC OBJECTIVES:

1. Applies knowledge of language development, literacy development, and assessment to instructional practices.
2. Demonstrate knowledge of research-based instructional practices for developing students’ phonemic awareness.
3. Demonstrate knowledge of research-based instructional practices for developing phonics skills and word recognition. Demonstrate knowledge of research-based instructional practices for developing reading fluency, automaticity, and reading endurance.
4. Demonstrate knowledge of research-based practices for developing both general and specialized content area vocabulary. Demonstrate knowledge of research-based instructional practices for facilitating reading comprehension
5. Demonstrate knowledge of instruction to facilitate students’ metacognitive efficiency in reading.
6. Demonstrate knowledge of research-based instructional practices for developing critical thinking and content area reading skills.
7. Demonstrate knowledge of goal setting and monitoring of student progress with appropriate instructional application that promotes increases in student learning trends in reading over time.
8. Demonstrate knowledge of differentiating instruction for all students in mainstream classes, including students with disabilities in reading, and LEP students.
9. Demonstrate instructional skill in working with LEP students that are at different levels of oral proficiency.
10. Demonstrate knowledge of creating both language-rich and print-rich environments.

ACTIVITIES:

Participants will attend an orientation meeting and periodic collaborative group meetings to discuss the expectations of the component and to address issues and experiences while having provided service to students. The practicum instructor will observe participants within the classroom setting. The practicum instructor will provide feedback on instructional practice and competence in demonstration of research-based best practice appropriate for the students being served.

Participants will maintain a portfolio consisting of lesson plans, anecdotal information, and reflection about practice within the instructional setting.

Participants will choose one of his/her students on whom to conduct a case study. The case study will include
Component #1013005 (continued)

initial report of student background, data gathering of reading assessment results, strengths and areas of need in student’s reading ability, diagnostic plan for addressing student’s instructional needs, weekly reflection on student progress and adjustment to plan as needed, readministration of assessments to determine progress at end of semester, and final reflection on student progress.

METHODS OF DELIVERY:

Discussion
Reflection on practice with component
Observation

EVALUATION PROCEDURES:

Observation of competence by component instructor
Clinical portfolio
Case study on individual student
COMPONENT NAME: Reading Training

COMPONENT NUMBER: 1013001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this objective is to provide teachers with the knowledge and skills necessary to effectively demonstrate knowledge and understanding of the subject matter.

SPECIFIC OBJECTIVES:

1. Identify changes in laws, rules, regulations, and procedures governing the subject matter.
2. Demonstrate in-depth understanding of content and skills in the specific subject field.
3. Communicate accurate knowledge of subject matter in a language and style appropriate to the learner, regardless of cultural and linguistically diverse backgrounds.
4. Use references, materials, strategies, and technologies of the subject field in a manner appropriate to the developmental state of the learner including multisensory, sequential, systematic and explicit instruction.
5. Identify and organize a breadth of subject matter knowledge to enable students to approach and inter-relate content from a variety of perspectives, interest, and points of view.
6. Demonstrate a breadth of subject matter knowledge to collaborate with colleagues from other subject fields in the integration of instruction.
7. Demonstrate knowledge of current subject field methods, trends, and research that improve student performance.
8. Demonstrate applications of the subject field knowledge to real world situations, and links to other disciplines.
9. Demonstrate knowledge of district and state curriculum requirements and program of studies and required instruction of the specific subject field including multisensory, sequential, systematic and explicit instruction.
10. Demonstrate progress toward short-and long-term professional goals relating to knowledge of the subject field.
COMPONENT TITLE: REESOL

COMPONENT IDENTIFIER: 1013008

INSERVICE POINTS: 100

GENERAL OBJECTIVES:
This component is designed for teachers who have earned their ESOL endorsement through coursework and wish to earn their reading endorsement. Teachers will receive 80 hours from the Reading Endorsement/ESOL crosswalk. This course will meet the objectives not previously met in the crosswalk that are part of reading endorsement competencies 1, 3, 4, and 5.

The participants will demonstrate mastery at or above an 80% level of all required indicators as determined by pre/post test or other valid measures and will complete any other assessment procedures required by the instructor as referenced in the Matrix found on page 5 of this document.

SPECIFIC OBJECTIVES:

6. Understands language structure and function and cognition for the five components of reading.
7. Identifies the principles of reading fluency related to reading development.
8. Identify and apply principles of differentiated instruction for all students regarding all reading components.
9. Identify and interpret appropriate reading assessments to guide reading instruction
10. Demonstrate knowledge of instruction to facilitate students’ metacognitive efficiency in reading.
11. Demonstrate knowledge of research-based instructional practices for developing critical thinking and content area reading skills
12. Demonstrate knowledge of goal setting and monitoring of student progress with appropriate instructional application that promotes increases in student learning trends in reading over time.
13. Identify strategies for vocabulary development used by skilled readers.
14. Understands the nature of the reading process in constructing meaning from a wide variety of texts.
15. Demonstrate knowledge of creating both language-rich and print-rich environments.

ACTIVITIES:
Participants will attend all class sessions and actively participate in collaborative discussions and assignments.

METHODS OF DELIVERY:
Discussion
Reflection
Demonstration

EVALUATION PROCEDURES:
Action Research
Response to assigned readings
COMPONENT NAME: Safe and Orderly Schools

COMPONENT NUMBER: 6511001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To identify and demonstrate behavior management components and strategies in order to develop individual school discipline plans that will result in safe and orderly schools.

SPECIFIC OBJECTIVES:
The participants will:

1. Develop and understand the philosophy of school based discipline.
2. Identify behavior management components.
3. Recall and demonstrate behavior management strategies.
4. Identify behavior management performance outcomes and indicators.
5. Describe and analyze behavioral expectations by school, community, and environment.
6. Describe evaluation methods of individual school based behavioral management plans.
7. Identify and develop prevention programs for substance abuse and violence prevention.
8. Develop school-wide programs and activities on Character Education
9. Describe ways to increase student participation in community projects.
10. Develop school-wide programs and activities emphasizing cultural diversity.
11. Recall methods to establish classrooms as model communities for students to learn citizenship.
12. Describe ways to increase student participation in the election process.
COMPONENT NAME: School Advisory Council

COMPONENT NUMBER: 8514003

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide educators with knowledge, skills, competencies necessary to carry out the mission, vision and goals as set forth by the School Advisory Council.

SPECIFIC OBJECTIVES:

1. Assist in development of Strategic Plan for Excellence.
2. Establish guidelines for operation.
3. Establish guidelines for meetings.
5. Prepare and distribute information on plan progress and implementation.
6. Meet 5 star school award requirements.
COMPONENT NAME: School Improvement

COMPONENT NUMBER: 8512001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide all stakeholders (educators, parents, business, and community partners) with the appropriate tools, knowledge, and skills to develop and implement a functional school improvement plan which leads to increased student achievement and school effectiveness.

SPECIFIC OBJECTIVES:

1. Apply a specific training and/or professional development activity to achieve the objectives of a school improvement plan.
2. Actively participate in the development and implementation of the school improvement plan.
3. Develop a working knowledge of the specific school improvement plan at the work site.
4. Utilize teaching and learning strategies, which reflect each student’s culture, learning styles, special needs, and socioeconomic background.
5. Utilize assessment strategies (traditional and alternate) to assist in the continuous development of the learner.
6. Plan, implement, and evaluate effective instruction in a variety of learning environments.
7. Demonstrate an understanding of learning and human development processes to provide a positive learning environment, which support the intellectual, personal, and social development of all students.
8. Create and maintain a positive learning environment in which students are actively engage in learning, social interaction, cooperative learning, and self-motivation.
9. Utilize effective communication techniques with students and all other stakeholders.
10. Utilize appropriate technology in teaching and learning processes.

Component #8512001 (continued)

11. Collaborate with various education professionals, parents, and other stakeholders in the continuous improvement of the educational experiences of students.
12. Participate in a needs assessment process and continuous professional quality improvement for self and school.
COMPONENT TITLE: Schools of Excellence - School Year 2017-2018

COMPONENT NUMBER: 8506008

MAXIMUM POINTS: 20

GENERAL OBJECTIVES:
Teachers at schools designated as schools of excellence will receive 20 hours of inservice. These hours will not count toward SWD credit or for the newly required reading hours credit (40 hours).

SPECIFIC OBJECTIVES: Participants will:
Instructional Personnel employed at a designated School of Excellence may substitute one (1) school year of employment at a School of Excellence for twenty (20) in-service points, up to sixty (60) points total in a five-year cycle, toward the renewal of a Professional Certificate.

Credit earned for teaching at a School of Excellence may be used only to satisfy general renewal credit. It cannot be used to satisfy credit for subject specialization or for teaching students with disabilities.

The 2017-2018 school year is the earliest that instructional personnel can substitute credit for one year of employment at a designated School of Excellence.

Instructional personnel must work a minimum of ninety-nine (99) days to earn credit for one year of employment.

COMPONENT NUMBER: 1015001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this objective is to provide teachers with the knowledge and skills necessary to effectively demonstrate knowledge and understanding of the subject matter.

SPECIFIC OBJECTIVES:

1. Identify changes in laws, rules, regulations, and procedures governing the subject matter.
2. Demonstrate in-depth understanding of content and skills in the specific subject field.
3. Communicate accurate knowledge of subject matter in a language and style appropriate to the learner, regardless of cultural and linguistically diverse backgrounds.
4. Use references, materials, strategies, and technologies of the subject field in a manner appropriate to the developmental state of the learner.
5. Identify and organize a breadth of subject matter knowledge to enable students to approach and interrelate content from a variety of perspectives, interest, and points of view.
6. Demonstrate a breadth of subject matter knowledge to collaborate with colleagues from other subject fields in the integration of instruction.
7. Demonstrate knowledge of current subject field methods, trends, and research that improve student performance.
8. Demonstrate applications of the subject field knowledge to real world situations, and links to other disciplines.
9. Demonstrate knowledge of district and state curriculum requirements and program of studies, and required instruction of the specific subject field.
10. Demonstrate progress toward short-and long-term professional goals relating to knowledge of the subject field.
COMPONENT NAME: Social Studies

COMPONENT NUMBER: 1016001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

The purpose of this objective is to provide teachers with the knowledge and skills necessary to effectively demonstrate knowledge and understanding of the subject matter.

SPECIFIC OBJECTIVES:

1. Identify changes in laws, rules, regulations, and procedures governing the subject matter.

2. Demonstrate in-depth understanding of content and skills in the specific subject field.

3. Communicate accurate knowledge of subject matter in a language and style appropriate to the learner, regardless of cultural and linguistically diverse backgrounds.

9. Demonstrate knowledge of district and state curriculum requirements and program of studies, and required instruction of the specific subject field.

10. Demonstrate progress toward short-and long-term professional goals relating to knowledge of the subject field.
COMPONENT NAME: STEM

COMPONENT NUMBER: 1015002

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE: STEM is the instruction of Science, Technology, Engineering and Mathematics in a variety of combinations with one another.

SPECIFIC OBJECTIVES:

1. Provide access and opportunities for students to engage in rigorous STEM-related activities and programs of study.

2. Implement a coherent, challenging, and rigorous STEM-related curriculum and instruction.

3. Prepare teachers to effectively deliver high quality instruction in STEM-related courses using instructional technology to enhance student’s experiences.
COMPONENT NAME: Student Services
(guidance, psych, soc. workers, health services)

COMPONENT NUMBER: 8420001

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To provide student services staff with the knowledge, skills, and competencies necessary to effectively demonstrate knowledge and understanding of appropriate services.

Includes: psychologists, guidance, social and health care workers.

SPECIFIC OBJECTIVES:
Upon successful completion of this activity, participants will be able to:

1. Integrate changes in laws, rules, regulations, and procedures governing student services into services provided.
2. Articulate an understanding of content, skills, and services appropriate to student services.
3. Communicate accurate knowledge about student services in a language and style appropriate to the learner, regardless of cultural and linguistically diverse backgrounds.
4. Utilize references, materials, strategies and technologies for student services in a manner appropriate to the developmental stage of the learner.
5. Organize a breadth of student services knowledge to enable students to approach and interrelate content from a variety of perspectives, interests, and points of view.
6. Collaborate with colleagues from other subject fields to integrate student services into the classroom.
7. Apply current practices in student services methods, trends, skills and research that improve student performance.
8. Apply student services knowledge and skills to read-world situations and links to other disciplines.
9. Integrate District and State curriculum requirements including student-health curriculum and Student Health Sunshine Standards into the student services process.
10. Develop short and long term professional goals relating to knowledge in student services.
COMPONENT NAME: Substitute Teacher Training

COMPONENT NUMBER: 8506003

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

Provide the substitute teacher with instructional strategies to effectively manage classrooms and teach content.

SPECIFIC OBJECTIVES:

Upon successful completion of one or more of the in-service training and professional development strategies. Participants will:

1. Demonstrate awareness of districts’ professional expectations.

2. Demonstrate understanding of effective classroom management techniques.

4. Demonstrate awareness of aspects of working with students.

5. Become familiar with administrative tasks related to substitute teachers.
COMPONENT NAME: Transfer Credit

COMPONENT NUMBER: 8506004

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
To provide an individual with credit for in-service earned from another county.

SPECIFIC OBJECTIVES:
Credit already earned from another district.
COMPONENT NAME: Transition

COMPONENT NUMBER: 8100002

MAXIMUM INSERVICE POINTS: 60

GENERAL OBJECTIVE:

Participants will gain skills to enhance transition opportunities across various settings for students with disabilities. Challenges for individuals in the transition process will be examined along with resources and strategies to provide successful post-school outcomes.

All courses within this component can be used to satisfy a portion (or all) of the 20 hour ESE requirement for Florida teacher recertification (SB1108).

SPECIFIC OBJECTIVES:

1. Identify activities relevant to the four stages of career development (i.e., awareness, exploration, preparation, and placement).

2. Identify the essential domains of transition planning (e.g., personal/social, general community functioning, and leisure/recreational) for students with disabilities.

3. Demonstrate knowledge of transition planning using student and family preferences to develop desired post-school outcomes.

4. Identify resources and strategies to assist in students functioning effectively in a variety of environments to which they will be transitioning.
COMPONENT NAME:  Transportation Services

COMPONENT NUMBER:  8515001

MAXIMUM INSERVICE POINTS:  120

GENERAL OBJECTIVE:

Improve knowledge of skill areas necessary to effectively perform duties as school bus drivers and to become informed of changes in law, state rules or operating policies, and practices affecting student transportation.

SPECIFIC OBJECTIVES:

Upon successful completion of one or more of the in-service training and professional development strategies participants will.

1. Demonstrate skills in areas of defensive driving, safe vehicle operation, school bus evacuation techniques, pre-trip inspection, first aid, CRP specific to bus drivers, and fire suppression.

2. Demonstrate knowledge in state laws, state school board rules, local board policy and procedure, as well as safe operating rules and practices.

3. Demonstrate physical skills involved in routine handling of physically handicapped students, as well as specific evacuation procedures.

4. Recognize differences and exceptionalities of exceptional students.

5. Expand knowledge of student management and discipline, learn assertive skills and demonstrate their practical application to student control.

6. Demonstrate the ability to write clear student referrals in order to communicate with school-based administrators about student behavior problems.

7. Become aware of aggression control techniques (ACT) related to dealing with severely emotionally disturbed students.

8. Learn how to interact with parents, the public, and other school personnel in a positive manner and learn basic phrases for communicating with non-English speaking students and parents.
COMPONENT NAME: Unspecified Training

COMPONENT NUMBER: 2408005

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:

To provide participants with the knowledge, skills and competencies necessary to effectively improve student achievement. This component created to capture any training that cannot be classified under existing components.

SPECIFIC OBJECTIVES:

Participants will be able to:

1. Apply the knowledge and skills gained to the classroom.
2. State at least three (3) ideas gained from the activity.
3. Share the benefits gained with a colleague.
COMPONENT NAME: Understanding Poverty – Ruby Payne

COMPONENT NUMBER: 2100008

MAXIMUM INSERVICE POINTS: 120

GENERAL OBJECTIVE:
