

The image shows the exterior of Suncoast Polytechnical High School. The building features a prominent entrance with a large, flat roof supported by several thick, yellow columns. To the right of the entrance, a red brick section of the building displays the letters 'S P H S' in large, silver, three-dimensional font. The sky is blue with light clouds. In the foreground, there is a paved area with some landscaping, including palm trees and small shrubs. A white golf cart is parked near the entrance. A blue trash can and a grey trash can are visible on the right side of the foreground.
