

The Office of Community Involvement rolled out a new system for our volunteers. Please go visit our website at [Community Involvement](#) .

- Choose “District Volunteer Application”
- Fill out application
- Submit

After completing the application, you will receive an email from donotreply@raptortech.com. The email will confirm that OCI has received your application, and it is currently under review. The Office of Community Involvement will receive notice if the level 1 background check has been approved or denied. If approved, you will receive an email titled "Volunteer Approval Application." If denied, you will receive an email titled “Volunteer Application Denied.”

The JD Palatine screening is integrated into the application process. As soon as the SSN is entered and the application is submitted, the information moves directly to JD Palatine without any manual intervention required.

If results are found on the criminal history screening a notification will be sent to the applicant so they have the opportunity to review the screening. This allows them to ensure its accuracy and dispute any areas that they deem as incorrect.

If previously level 2 approved, you will receive a link to renew your volunteer application.
