Dear Chairman, School Board Members, and Citizens of Sarasota County:

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the School Board of Sarasota County, Florida (District) for the fiscal year ended June 30, 2022. State law requires that all school districts publish within nine months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited in accordance with generally accepted auditing standards by an independent certified public accountant. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the District for the fiscal year ended June 30, 2022.

We believe the information, as presented, is accurate in all material aspects; that it is presented in a manner designed to set forth fairly, in all material respects, the financial position and results of operations of the District as measured and reported by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain an adequate understanding of the District's financial affairs have been included. The responsibility for the preparation of the accompanying financial statements and other information contained in this ACFR, based on the above standards, rests with the District's management. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed to compile sufficient reliable information for the District's financial statements in conformance with GAAP. Because the cost of internal controls should not outweigh the benefits, the District's comprehensive framework has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Cherry Bekaert, LLP. The goal of the independent audit is to provide reasonable assurance that the basic financial statements of the District for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering unmodified opinions that the District's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The report of independent auditor is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's report on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the independent auditor's report.

This accompanying report includes all funds of the District, The Financing Corporation for the School Board of Sarasota County (Corporation), and its charter schools that meet the requirements for inclusion, which comprise the reporting entity. The Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities. Charter schools are public schools operating under a performance contract with the School Board. The Corporation was identified as a component unit, requiring blended presentation of the financial statements. The District's charter schools, except for SKY Academy Venice, SKY Academy Englewood and the State Collegiate School are included as discretely presented component units.

Profile of the Government

The District and its governing board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered and supervised by the District school officials in accordance with Chapter 1001, Florida Statutes. The Board

consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the secretary and executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by State Board of Education Rule 6A-1.001, Florida Administrative Code.

Geographic boundaries of the District correspond with those of Sarasota County. During the 2021-22 fiscal year, the District operated 56 schools, including 23 elementary schools, 7 middle schools, 6 high schools, 13 charter schools, 1 technical center and 6 other types of schools, such as a virtual school and an all gifted school for grades 2 through 12.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between school districts within the State. Charter schools operate through a contract with the District and are provided with the proportionate share of these funds, based upon the number of full-time equivalent students enrolled at the charter school. The District provided a full range of educational programs, including kindergarten through 12th grade basic and enriched programs, and exceptional student education to 44,846 unweighted full-time equivalent students. Student enrollment is expected to increase by 2.4, 0.3 and 0.7 percent each in fiscal years ending June 30, 2023, 2024, and 2025, respectively. The District also provides career technical and adult education programs.

Economic Condition and Outlook

Sarasota County is part of the Sarasota-Bradenton-Venice Metropolitan Statistical Area (MSA) along with Manatee County. According to the Bureau of Economic and Business Research at the University of Florida, the 2022 population of Sarasota County was 452,378 and is projected to be 531,950 by 2040, 547,874 by 2045 and 561,845 by 2050.

Based upon the latest survey by the U.S. Census Bureau, the population of Sarasota County has increased 14.4 percent from 2010 to 2020 compared to the State of Florida which increased 14.6 percent. The largest age group, at 37.2 percent, are persons 65 years and older. The State average for this age group is 21.1 percent. The average household size is 2.13 and the average household income is \$78,815 as of 2021. The American Community Survey done by the U.S. Census Bureau shows 93.2 percent of the County residents were high school graduates and 36.4 percent had a bachelor's degree or higher. Persons without federally mandated health insurance, under age 65 years are 15.8 percent.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The County's unemployment rate has decreased to 2.8 percent in June 2022 from 4.9 percent in June 2021. In addition, sales tax revenues along with property values continue to rise with median home sales prices of \$500,000 in June 2022 from \$400,150 in June 2021.

Sarasota Memorial Hospital is Sarasota County's largest employer with 7,704 employees. The District is the second largest employer, employing 5,937 full and part-time employees, including 3,014 teachers.

Financial Information

The District follows procedures established by Florida Statutes and the State Board of Education Rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the function level (e.g. instruction, student support services, and school administration) within each fund and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

The District reviews the Capital Improvement Program goals and objectives to ensure that current and future educational service needs are met through planning efforts that accommodate current student populations, prepare for future student demands and provide for the overall educational facility needs of Sarasota County schools. The District school sites range in age from a historic 1926 elementary school to the opening of a new technical college site in 2018. In addition to the new technical college site, since 2000 the District opened 2 new high schools, 2 middle schools and 4 elementary schools and rebuilt 5 elementary schools, 1 middle school, 4 high schools and the original technical college site.

The District conducts facility condition assessments to objectively rate the condition of all our buildings and building systems. Each building is assessed every four years and includes infield verification and inspection. Buildings are rated and deficiencies are noted in the District's building management system where a condition index is calculated for each building and building system. This is used as the basis for developing the District's Capital Improvement plan on existing facilities. In addition, the long-range planning department monitors capacity needs at each school and worksite to assist in determining permanent and temporary capital needs. The District ensures instructional programs and educational services are able to adapt to changes in district strategic priorities, student population demands and capital funding capabilities.

The District has an investment policy in place for the investment of temporarily idle funds. The purpose of the policy is to outline the responsibility, authority, and general guidelines for the investment management of the District's cash reserves and to ensure compliance with Florida Statutes.

The District has a fund balance policy that provides a minimum fund balance in the General Fund of 7.5 percent of the financial condition ratio per Section 1011.051 of Florida Statutes. The District currently exceeds this policy with an ending financial condition ratio as of June 30, 2022 of 16.44 percent.

The District has a debt policy that establishes guidance for incurring and managing the debt of the District. The purpose of this policy is to set forth a structure to facilitate the management of debt in accordance with stated objectives.

The District has a capital asset policy that specifies the categories of capital assets and the dollar thresholds for capitalizing purchases. It also specifies the length of depreciation for each asset category.

The District is self-insured for workers' compensation, health and dental benefits, and general and automobile liability with outside contractors providing various administrative services. All funds make payments to the District's applicable internal service fund based on the personnel staffing levels, number of vehicles, or square footage. Resources have been accumulated in order to meet potential losses.

On March 8, 2022, voters in Sarasota County voted by a 84 percent margin to continue the one-mill levy to preserve quality schools. This vote continued the tax levy that was originally passed by the voters in 2002. This vote allows the District to maintain existing programs and continues the District's commitment to quality education. This revenue source will continue until the fiscal year ended June 30, 2026.

Major Initiatives

Class Size Reduction Amendment

In November 2002, the voters of Florida amended the State Constitution to limit class size. By the beginning of the 2010-11 fiscal year, the amendment established the maximum number of students in core-curricula courses assigned to a teacher in each of the following three grade groupings: (1) pre-kindergarten through grade 3, 18 students; (2) grades 4 through 8, 22 students; and (3) grades 9 through 12, 25 students.

For the 2021-22 fiscal year, the District continued its efforts to meet the constitutional maximums for the three grade groupings at either the statutory school-wide or classroom-level. Based on the annual review by the Florida Department of Education, the District fully complied with the constitutional maximums in all classrooms.

Capital Outlay Program

During the 2021-22 fiscal year, with the continued growth in Sarasota County, the District Capital Outlay program focused on classroom additions, including a classroom wing and campus renovations. In April 2022 the District completed a Long-Range Growth Management Plan and an Educational System Impact Fee Study to address the ability for the District to meet future needs with capacity available at existing schools vs. new schools; the timing and location of residential development within Sarasota County; the influence of other school options, such as charter, private, home, and virtual schools; and the identification of capital funding needs and options.

Accomplishments

One of the ways to judge a school district is to compare the results of its students on national and statewide tests and the accomplishments of its staff. The District believes that its students and staff have performed remarkably well based on various tests and accomplishments as noted below.

Schools throughout Florida are held accountable and receive school grades based on the results of statewide assessments. The Florida Comprehensive Assessment Test (FCAT) began in fiscal year 1997-98 and transitioned to FCAT 2.0 and End of Course (EOC) Assessments in fiscal year 2010-11. Fiscal year 2013-14 marked the last year of the FCAT accountability program. Beginning in fiscal year 2014-15, Florida's assessment and accountability system was changed to Florida Standards Assessments (FSA). The District has received an overall grade of 'A' in fiscal year 2021-22.

The Florida Department of Education provides a grading report for all public schools in the state and for each of the 67 school districts as part of their school accountability report. The District has again received an 'A' grade and ranks fifth in the state in terms of student achievement for the 2021-22 fiscal year. The District is also one of two school districts to have received a grade of 'A' every year since 2004.

The District met or exceeded National and Florida averages for 2022 high school graduates on college admission examinations. A comparison of the average scores is reflected in the table below.

<u>Examination</u>	<u>Sarasota National Florida</u>		
ACT Composite *	22.5	20.3	20.4
SAT:			
Reading and Writing	551	529	510
Math	526	521	473

Sixty percent of Sarasota District teachers have earned Master's degrees or higher.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded to the District a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials (ASBO) awarded an International Certificate of Excellence in Financial Reporting for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021. This was the eighteenth consecutive year that the District has received these prestigious awards. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized ACFR. This report satisfied both GAAP and applicable legal requirements.

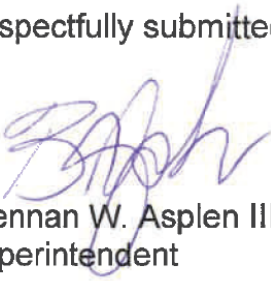

These awards are valid for one year only. We believe that our current ACFR continues to meet the Certificate Programs' requirements, and we are submitting it to both GFOA and ASBO, to determine its eligibility to receive their respective prestigious awards.

In addition to being awarded the Certificates of Achievement, the District submitted for the first time and was awarded the GFOA's Distinguished Budget Presentation Award for fiscal year 2021-2022.

The preparation of this ACFR could not have been accomplished without the commitment and dedication of the Financial Services Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Report of Independent Auditor

To the Honorable Members
School Board of Sarasota County, Florida
Sarasota, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School Board of Sarasota County, Florida (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows and the respective budgetary comparison for the General Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component units as of and for the year ended June 30, 2022. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aggregate discretely presented component units, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Changes in the District's Total OPEB Liability and Related Ratios, Schedule of the District's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan, Schedule of District Contributions – Florida Retirement System Pension Plan, Schedule of the District's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan, and Schedule of District Contributions – Health Insurance Subsidy Pension Plan, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of the other auditors, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

Management's Discussion and Analysis
June 30, 2022

The management of the School Board of Sarasota County, Florida (the District) has prepared the following discussion and analysis to (a) assist the reader in focusing on significant financial issues; (b) provide an overview and analysis of the District's financial activities; (c) identify changes in the District's financial position; (d) identify material deviations from the approved budget; and (e) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events and conditions, it should be considered in conjunction with the District's financial statements and notes to the basic financial statements.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2021-22 fiscal year are as follows:

- General revenues totaled \$606,041,868, or 86 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions totaled \$98,682,152, or 14 percent. Total revenues increased by \$43,623,163 from \$661,100,857 in fiscal year 2020-21 to \$704,724,020 in fiscal year 2021-22. The change is primarily attributed to the increase operating grants and contributions revenue (Elementary & Secondary School Emergency Relief Fund (ESSERII)).
- Expenses totaled \$638,181,459, only \$98,682,152 of these expenses were offset by program specific revenues, with the remainder paid from general revenues. Total revenues exceeded total expenses by \$66,542,561. Total expenses decreased \$7,696,890 or 1 percent, from \$645,878,349 in fiscal year 2020-21. This decrease is attributed to one-time land purchases in prior year and supply chain issues offset by an average 5.5 percent salary increase.
- The expenses in the District's proprietary funds increased by \$6,529,190 from \$61,545,867 in fiscal year 2020-21 to \$68,075,057 in fiscal year 2021-22. This change is primarily attributed to medical claims. Charges for services revenues increased by \$1,360,340 from \$58,803,912 in fiscal year 2020-2021 to \$60,164,252 in fiscal year 2021-22. This change is primarily attributed to an increase in medical rates.
- The unassigned fund balance of the General Fund, representing the net current financial resources available for general appropriation by the Board, totaled \$69,031,492 at June 30, 2022. The ending financial condition ratio as of June 30, 2022 was 16.44 percent.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

In addition, this report presents certain required supplementary information, which includes management's discussion and analysis.

GOVERNMENT- WIDE FINANCIAL STATEMENTS

The Government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets, deferred outflows of resources, liabilities, and deferred inflows of resources using an economic resources measurement focus. The difference between the assets, deferred outflows of resources, liabilities, and deferred inflows of resources, the net position, is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year.

The Government-wide statements present the District's activities in two categories:

- Governmental activities – This represents most of the District's services including its educational programs: basic, vocational, adult and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Component units – The District presents ten separate legal entities in this report. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. All ten of these organizations are charter schools. Financial information for these component units is reported separately from the financial information presented for the primary government. The Financing Corporation for the School Board of Sarasota County (Corporation), although also legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the Board and the Corporation, the Corporation is included as an integral part of the primary government. Please refer to Note 1 to the basic financial statements for more information on the District's component units.

Over a period of time, changes in the District's net position are an indication of improving or deteriorating financial condition. This information should be evaluated in conjunction with other non-financial factors, such as changes in the District's property tax base, student enrollment, and the condition of the District's capital assets including its school buildings and administrative facilities.

FUND FINANCIAL STATEMENTS

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. State law establishes certain funds, while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the Government-wide statements.

All of the District's funds may be classified within one of three broad categories:

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the Government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the Government-wide financial statements. This financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year. Consequently, the governmental fund statements provide a detailed short-term view that may be used to evaluate the District's near-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the Government-wide financial statements. To facilitate this comparison, both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

Proprietary Funds. Proprietary funds may be established to account for activities in which a fee is charged for services. The District maintains one type of proprietary fund, the internal service fund to account for the District's self-insurance programs. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the Government-wide financial statements.

GOVERNMENT- WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position and provides a perspective of the District as a whole. The following is a summary of the District's net position as of June 30, 2022, compared to net position as of June 30, 2021:

	Governmental Activities			Percentage Change
	6/30/2022	6/30/2021	Increase (Decrease)	
Current and other assets	\$ 430,491,258	\$ 385,365,218	\$ 45,126,040	
Capital assets, net	951,572,853	960,064,182	(8,491,329)	
Total assets	1,382,064,111	1,345,429,400	36,634,711	3%
Deferred outflows of resources	122,526,664	144,254,618	(21,727,954)	
Total deferred outflows	122,526,664	144,254,618	(21,727,954)	-15%
Other liabilities	69,060,378	69,235,301	(174,923)

Deferred inflows of resources	173,072,275	20,161,709	152,910,566	
Total deferred inflows	173,072,275	20,161,709	152,910,566	758%
Net investment in capital assets	855,395,638	853,685,240	1,710,398

Unrestricted	(135,368,871)	(154,316,145)	18,947,274	
Total net position	\$ 942,797,452	\$ 876,254,891	\$ 66,542,561	8%

The largest portion of the District's net position reflects its investment in capital assets (e.g., land, buildings, furniture and equipment), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending.

As a result of implementing GASB 68, *Accounting and Financial Reporting for Pensions* and GASB 75, *Accounting and Financial Reporting for Postemployment Benefits (OPEB) Other Than Pensions*, the unrestricted portion of the District's net position as of June 30, 2022 and June 30, 2021 reflects a negative balance. The net pension and OPEB liabilities and deferred outflows and inflows related to pensions and OPEB represents more than 100 percent of the negative unrestricted net position. Thus, the unrestricted net position, excluding pensions and OPEB as of June 30, 2022 and June 30, 2021, is \$81,312,170 and \$83,164,659, respectively.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Management's Discussion and Analysis
June 30, 2022

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used.

Revenues by Source – Governmental Activities – in Millions of Dollars

Expenses – Governmental Activities – in Millions of Dollars

Overall total revenues increased by \$43,623,163, or 7 percent, from the fiscal year ended June 30, 2021. The change is primarily attributed to the increase in operating grants and contributions.

Total expenses decreased by \$7,696,890, or 1 percent, from the fiscal year ended June 30, 2021. This decrease is attributed to one-time land purchases in prior year and supply chain issues offset by an average 5.5 percent salary increase.

In total, net position increased \$66,542,561, which represents an 8 percent increase over fiscal year 2020-2021.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District completed the year with a total governmental fund balance of \$310,560,689, an increase of \$47,721,785, or 18 percent, from last year's ending fund balance of \$262,838,904. The increase in District fund balance is primarily attributed to an additional ESSER II grant received in 2022.

General Fund

The General Fund is the primary operating fund for the District. Presented below is an overall analysis of the General Fund as compared to the prior year:

	6/30/2022	6/30/2021	Difference Increase (Decrease)	% Percentage Change
Revenue	\$ 468,646,377	\$ 457,386,460	\$ 11,259,917	2%
Other financing sources	36,707,353	27,195,306	9,512,047	35%
Beginning fund balance	95,648,801	86,844,175	8,804,626	10%
Total	\$ 601,002,531	\$ 571,425,941	\$ 29,576,590	5%
Expenditures	501,981,626	475,777,140	26,204,486	6%
Ending fund balance	99,020,905	95,648,801	3,372,104	4%
Total	\$ 601,002,531	\$ 571,425,941	\$ 29,576,590	5%

The District's General Fund ending fund balance increased by \$3,372,104, or 4 percent. This increase is primarily attributed to increased funding received from Florida Education Finance Program distributions for per student funding and reimbursement of prior year expenses related to COVID-19 through grant funding, offset by average 5.5 salary increases. It should be noted that \$2,569,897 of ending fund balance has been encumbered for specific projects.

Revenues – Overall revenues increased by \$11,259,917, or 2 percent, as follows:

Revenues By Source - General Fund

	6/30/2022	6/30/2021	Increase (Decrease)	Percentage Change

Federal sources decreased by \$989,271, or 39 percent, primarily due to a decrease in Medicaid funding.

State sources increased by \$3,698,739, or 5 percent, mainly attributed to the increase in Florida Education Finance program.

Local sources increased by \$8,550,449, or 2 percent, mainly as a result of an increase in property tax revenue.

Expenditures - Total General Fund expenditures increased by \$26,204,486, 6 percent, primarily attributed to an increase in state mandated Teacher Salary Increases, and average 5.5 percent salary increases and increased benefits costs offset by a decrease in Instructional Materials.

During the fiscal year 2021-22, revenue in the Capital Projects – Local Capital Improvement Tax Fund increased by \$6,573,720, or 7 percent. Expenditures decreased by \$1,920,167, or 5 percent, primarily due to large decreases in Motor Vehicles (due to supply chain issues), and the completion of the Englewood project in FY2022. These decreases offset the increases we had with the Booker High VPA and Oak Park Remodeling projects. Of the total fund balance, \$34,096,908 has been encumbered for specific projects.

Capital Projects – Other Capital Projects Fund

The District's Other Capital Projects Fund is used primarily to report revenues and expenditures from sales tax collections, impact fees, and expenditures from the District's Certificates of Participation. An overall analysis of this fund is presented below:

Revenues increased by \$7,272,932, or 21 percent, primarily due to the increase in sales tax revenue. Expenditures decreased by \$22,943,093 or 45 percent, primarily due to the one-time purchase of land in 2021. It should be noted that \$23,463,274 of fund balance has been encumbered for specific projects.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, the District revised its budget and brought three amendments to the Board. These amendments were needed to adjust revenues and direct resources where needed. The Board approves the final amendment to the budget after year-end. The original 2021-22 budget was prepared on a conservative basis. Budgeted expenditures decreased \$693,348 from the original budget. Actual expenditures were \$18,091,176 below the final amended expenditure budget.

CAPITAL ASSETS AND LONG-TERM DEBT

At June 30, 2022, the District had \$951,572,853 invested in a broad range of capital assets, including land, improvements, buildings, and equipment; net of accumulated depreciation/amortization. This amount represents a net decrease (including additions, deductions and depreciation/amortization) of \$8,491,329 or 1 percent from last fiscal year.

Long-Term Debt

At June 30, 2022, the District had \$98,833,236 in bonds payable, obligations under leases, and certificates of participation, versus \$109,908,670 last fiscal year, a decrease of 10 percent. A summary of the long-term debt obligations is listed in the following table:

	Governmental Activities		Increase (Decrease)	Percentage Change
	6/30/2022	6/30/2021		
Obligations under leases	\$ 21,286,414	\$ 18,012,377	\$ 3,274,037	18%
State school bonds	2,415,822	2,870,597	(454,775)	-16%

Certificates of participation	75,131,000	87,726,000	(12,595,000)	-14%
Total	\$ 98,833,236	\$ 109,908,670	\$ (11,075,434)	-10%

The District's decrease in debt is primarily due to payments made on Certificates of Participation and State school bonds.

The District maintained the following ratings for their outstanding Certificates of Participation:

	Certificates of Participation	
Rating Agency	Rating	Issue Series
Standard & Poor's	AA-	2010A, 2016
Moody's	Aa3	2010A, 2016
Fitch Ratings	AA	2010A, 2016

For more details concerning long-term debt, refer to Notes 7 through 11 in the basic financial statements.

ECONOMIC FACTORS

The unemployment rate in June 2022 for Sarasota County was 2.8 percent, which is a decrease of 1.6 percent from June 2021. The State's average unemployment rate in June 2022 was 2.8 percent. Florida's unemployment rate has decreased 2.0 percent. The nation's unemployment rate has also decrease 2.3 percent from the prior year. This is predominately due to the rebound from layoffs related to the COVID-19 pandemic.

The State of Florida funds the District through the Florida Education Finance Program (FEFP) which is based on student enrollment. The District has continued to see an incremental increase in per student funding, but revenue growth has not kept pace with the change in the Consumer Price Index. Student enrollment increased 1,874.08 FTE in fiscal year 2021-2022, as the restrictions due to COVID-19 pandemic were repealed and more families migrated to Sarasota County, as discussed in the General Fund budgetary highlights.

In fiscal year 2021-22, taxable property values increased 7.8 percent from the prior year to \$74.4 billion. It is anticipated that property values will continue to increase next year as real property sales have increased with average home prices continuing to rise over the prior year.

During the current fiscal year, unassigned fund balance of the General Fund totaled \$69,031,492. It is anticipated that the financial condition ratio at June 30, 2023, will be in excess of the Board required amount.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Reconciliation of the Balance Sheet of Governmental Funds to the
Statement of Net Position
June 30, 2022

Total fund balances - governmental funds	\$ 310,560,689
---	-----------------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds.	951,572,853
--	-------------

The loss on refunding is the difference between old and new debt and is reported in the statement of net position as deferred outflows of resources and amortized over the life of the debt in the statement of activities, but not reported in governmental funds.	2,656,021
---	-----------

Interest on long-term debt is accrued as a liability in the government-wide statements, but is not recognized in the governmental funds until due.	(46,475)
--	----------

Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore, are not reported in the funds. Long-term liabilities at year-end consist of:

Bonds payable	(2,415,822)
Obligations under leases	(21,286,414)
Certificates of participation payable	(75,131,000)
Liability for compensated absences (net of \$69,163 related to the internal service funds)	(44,699,212)

The deferred inflow in the fund statements is for grants that were not yet available under modified accrual, but are recorded as revenue in the Statement of Activities under full accrual.	1,155,371
---	-----------

On the statement of net position, the District's proportionate share of the net pension liability of the cost-sharing defined benefit pension plans in which the District participates is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions and other postemployment benefits plan are also reported in accordance with GASB Statement Nos. 68 and 75.

Net pension liability	(144,352,922)
Deferred outflows related to pensions	103,036,601
Deferred inflows related to pensions	(171,232,545)

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Fiscal Year Ended June 30, 2022

Net change in fund balances - total governmental funds **\$ 47,721,785**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceed depreciation expense in the current period.

Capital Outlay	\$ 43,628,421	
Less, Depreciation Expense	(51,531,305)	
		(7,902,884)

The loss on disposal of capital assets during the current period is reported in the statement of activities. In the government funds, the costs of these assets was recognized as an expenditure in the year purchased. Thus the change in net position differs from the change in fund balances by the undepreciated cost of the disposed assets.

(588,445)

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.

Leases Issued		(14,042,226)
---------------	--	--------------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount of repayments.

Certificates of Participation	\$ 12,595,000	
State School Bonds	1,676,696	
Leases	10,768,189	
		25,039,885

Premiums on new debt issues and losses on debt refundings are reported when issued as expenditures and other financing sources in the governmental funds, but are deferred and amortized as expenses over the life of the debt in the statement of activities.

Unamortized Loss on Debt Refunding:

Current Year	\$ 2,656,021	
Less, Prior Year	(3,529,728)	
Net Change in Deferred Loss on Refunding		(873,707)

Unamortized Premiums:

Prior Year	\$ 511,597	
Less, Current Year	(433,822)	
Net Decrease in Revenue from Unamortized Premiums		77,775

The deferred inflow in the fund statements is for grants that were not yet available under modified accrual, but are recorded as revenue in the Statement of Activities under full accrual.

Current Year	\$ 1,155,371	
Less, Prior Year	(975,763)	
		179,608

Interest on long-term debt is recognized as an expenditure in the governmental funds when due, but is recognized as interest accrues in the statement of activities.

Prior Year	\$ 55,200	
Less, Current Year	(46,475)	
Net Increase in Expenses from Accrued Interest Payable		8,725

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are recognized based on the amounts actually paid for leave used. This is the net amount of vacation and sick leave earned in excess of the amount used in the current period, net of \$27,668 recorded in the internal service funds.

(929,983)

Internal service funds are used by management to charge the cost of insurance to individual funds. The net revenue of internal service funds is reported with governmental activities.

(2,947,735)

Governmental funds report District pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as a pension expense.

FRS Pension Contribution	\$ 27,149,321	
HIS Pension Contribution	5,030,719	
FRS Pension Expense	(1,290,031)	
HIS Pension Expense	(7,097,008)	
		23,793,001

The net change in the liability for postemployment healthcare benefits is reported in the government-wide statements, but not in the governmental fund statements

(2,993,238)

Change in net position of governmental activities	\$ 66,542,561

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Notes to the Basic Financial Statements
June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

➤ **Reporting Entity**

The School Board of Sarasota County, Florida, (the "District") has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The Sarasota County School District is considered part of the Florida system of public education. The governing body of the school district is the Sarasota County District School Board (Board) that is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Sarasota County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The rationale for including charter schools in the District's financial statements is pursuant to Article VII, Section 9 of the Florida Constitution and Section 1002.33(9)(l), Florida Statutes, which provides that charter schools do not have the constitutional authority to levy taxes, making charter schools fiscally dependent on school districts. Because it may be misleading to exclude charter schools, GASB Sections 2100 and 2600 provide the option to consider charter schools as component units of school districts.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

- **Blended Component Unit** The Financing Corporation for the School Board of Sarasota County (Corporation), was founded to facilitate financing for the acquisition of facilities and equipment as further discussed in Note 8. Due to the substantive economic relationship between the Board and the Corporation, the financial activities of the Corporation are included in the accompanying basic financial statements. Separate financial statements for the Corporation are not published.
- **Discretely Presented Component Units** The component units' columns in the government-wide financial statements include the financial data of the District's other component units. For financial reporting purposes, ten charter schools are included in the financial statements of the District as discretely presented component units. These schools operate under a charter approved by their sponsor, the Board. The component units are as follows:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Island Village Montessori Charter School, Inc., Sarasota Suncoast Academy, Inc., Student Leadership Academy of Venice, Inc., Imagine School at North Port, Inc., Sarasota Military Academy, Inc., Sarasota School of Arts and Sciences, Inc., Sarasota Academy of the Arts, Inc., Suncoast School for Innovative Studies, Inc. and Dreamers Academy, Inc., (charter schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, and Section 1002.33, Florida Statutes. Imagine School at Sarasota, LLC, doing business as Imagine School at Palmer Ranch is organized as a limited liability company pursuant to Chapter 605, Florida Statutes, and Section 1002.33, Florida Statutes. The Board is responsible for the prudent use of the public funds received for providing an appropriate educational program for its targeted enrollment. The financial data reported on the accompanying statements was derived from the charter schools' audited financial statements for the fiscal year ended June 30, 2022. Audits of the charter schools for the fiscal year ended June 30, 2022, were conducted by independent certified public accountants and are filed at the District's administrative office at 1960 Landings Boulevard, Sarasota, FL 34231.

The District considered the two SKY Academy charter schools located in Venice and Englewood for inclusion as component units of the District. However, they are organized under an existing not-for-profit organization and are not legally separate entities but a division of the South County Family YMCA, Inc., and therefore, are excluded from the District's reporting entity. Another charter school, the State Collegiate School, operate under another governmental agency and therefore, is not included as a discretely presented component unit of the District.

➤ **Basis of Presentation**

Government-wide Financial Statements – Government-wide financial statements, including the statement of net position and the statement of activities, present information about the District as a whole. These statements include the nonfiduciary financial activity of the primary government and its component units.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expenses are allocated to functions/programs of the primary government. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a

particular program. Revenues that are not classified as program revenues are presented as general revenues, with certain exceptions.

The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The effects of interfund activities have been eliminated from the government-wide financial statements, except for interfund services provided and used.

Fund Financial Statements – Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements. The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue – Federal Education Stabilization Fund – to account for Federal funding provided as emergency relief to address the impact of COVID-19 and learning loss on elementary and secondary schools.
- Debt Service – Other Debt Service Fund – to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs on the long-term certificates of participation and leases.
- Capital Projects – Local Capital Improvement Tax Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, and renovation and remodeling projects.

- Capital Projects – Other Capital Projects Fund – to account for the financial resources such as sales tax proceeds, impact fees, and certificates of participation, which are used for capital outlay needs.

Additionally, the District reports the following proprietary fund type:

- Internal Service Funds - to account for the District's individual self-insurance programs.

➤ **Basis of Accounting**

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied.

Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are prepared using the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Significant revenues susceptible to accrual include ad valorem taxes, reimbursable-type grants and interest on investments. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, early retirement incentive payments, pensions, other postemployment benefits, and compensated absences, which are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for workers' compensation, employee health insurance and employee dental insurance. Operating expenses include insurance claims, excess coverage premiums, employee compensation and purchased services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in governmental fund financial statements, it is the District's policy to use committed resources first, followed by assigned resources, and then unassigned resources as they are needed.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

➤ **New Pronouncements**

Governmental Accounting Standards Board (GASB) Statement No 87. In June 2017, the GASB issued Statement No. 87, Leases, to be effective for the District beginning with year ended June 30, 2022. This Statement outlines new guidance that establishes a single approach to accounting for and reporting leases by state and local governments. The goal is to better align reporting these leases with their particular situations, as well as provide greater transparency and usefulness of financial statements.

As of July 1, 2021 the District adopted the provisions of GASB 87, Leases, which amended the existing accounting standards for lease reporting. The new guidance requires lessees in a leasing arrangement recognize a right to use asset and a lease liability for most leases (other than leases that meet the definition of a short-term lease) at lease commencement. The liability will be equal to the present value of lease payments. Additionally, the new guidance requires lessors in a leasing arrangement to recognize a lease receivable and a deferred inflow of resources for most leases (other than leases that meet the definition of a short-term lease) at lease commencement. The liability (lessees) or deferred inflow (lessors) will be equal to the present value of lease payments.

The District reports \$20,777,700, which is net of accumulated amortization of \$16,056.005, in equipment under leases and \$21,286,414 in lease liabilities as a result of implementation of this standard. The District did not have any lease receivables and does not lease assets to others.

➤ **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

➤ **Deposits and Investments**

Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as cash equivalents for purposes of these statements. For investments which are held separately from the pools, those which are highly liquid (including restricted assets) with an original maturity of 90 days or less are considered to be cash equivalents, except for investments held with paying agents. The amounts reported as cash and cash equivalents consist of cash in demand deposits; amounts placed with the State Board of Administration (SBA) in Florida PRIME, and amounts placed in All Spring Government Money Market Fund, and Florida Public Assets for Liquidity Management (FL PALM).

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by the Federal Depository Insurance Corporation and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes. The statement of cash flows considers cash and cash equivalents as those accounts used as demand deposit accounts and all highly liquid investments with an original maturity of 90 days or less.

Investments consist of amounts placed in the SBA debt service accounts for investment of debt service moneys, amounts placed with SBA for participation in the Florida PRIME investment pool created by Sections 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, the FL PALM and Florida Fixed Income Trust (FIT), which the SBA, the FL PALM, and Florida FIT indicate are Securities and Exchange Commission Rule 2a7-like external investment pools, as of June 30, 2022, and operate as a qualifying external investment pool.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments held locally consist of money market mutual funds, commercial paper, corporate notes, United States Treasury notes and strips, and obligations of United States are reported at fair value. The District categorizes its fair value measurements within the fair value hierarchy established in accordance with generally accepted accounting principles. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held by the District at June 30, 2022 are further described in Note 3.

➤ **Inventories and Prepaid Items**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on a weighted average basis, except that United States Department of Agriculture donated foods are stated at their acquisition value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures at the time individual inventory items are requisitioned for consumption.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The purchase method is used to account for prepaid items.

➤ **Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$5,000. Prior to July 1, 2020, capital assets were defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated assets are recorded at acquisition value at the date of donation. Capital assets shall be depreciated over their estimated useful lives unless they are inexhaustible (i.e. land and land improvements) or construction in progress. Land improvements consist of betterments, site preparation and site improvements that ready land for its intended use. Land improvements are characterized as having an unlimited life and are therefore not depreciated.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The costs of normal maintenance and repairs that does not add to the value of the asset or materially extends the assets lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other than Buildings	5-40 years
Buildings and Fixed Equipment	10-50 years
Furniture, Fixtures and Equipment and Audio Visual Materials	3-15 years
Motor Vehicles	5-10 years
Equipment Under Leases	4-6 years
Computer Software	5-10 years

Changes in capital assets for the current year are further described in Note 5.

➤ **Leases**

The District is a lessee for noncancellable leases of equipment. The District recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Notes to the Basic Financial Statements (continued)
June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise. The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with longterm Debt on the statement of net position.

➤ **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate section, *Deferred Outflows of Resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has three types of items that meet this criterion - those related to the loss on refunding which is the difference between reacquisition price and net carrying amount of old debt, those related to pension plans which are further discussed in Note 18, State Retirement Programs and those related to OPEB as further discussed in Note 19.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate section, *Deferred Inflows of Resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has two types of items that meet this criterion - those related to pension plans which are further discussed in Note 18, State Retirement Programs and those related to OPEB as further discussed in Note 19. In addition, at the fund level the District had \$1,155,371 of grant revenues that were measurable, but not currently available.

➤ **Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method.

The liability is based on the sick leave accumulated at June 30th by those employees who are currently eligible to receive termination payments and those employees for whom it is probable that they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability is derived from Board policy, negotiated agreements, and State law.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Notes to the Basic Financial Statements (continued)
June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, only the amount payable to employees who terminated their employment as of the end of the fiscal year is reported. The liability at year-end includes salary related payments such as Social Security, Medicare and FRS contributions.

Changes in compensated absences liability for the current year are further described in Note 11.

➤ **Long-Term Debt**

Long-term debt obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Bond and certificates of participation premiums are deferred and amortized over the life of the bonds and certificates of participation using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond and certificates of participation premiums, as well as bond and certificates of participation issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term debt obligations for the current year are further described in Note 11.

➤ **Other Postemployment Benefits (OPEB)**

OPEB is reported in the government-wide financial statements. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The OPEB Plan is financed on a pay-as-you-go basis. Additional OPEB information is further described Note 19.

➤ **Pensions**

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS defined benefit plan and the HIS defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. The District's retirement plans and related amounts are further described in Note 18.

➤ **State Revenue Sources**

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes.

In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education (SBE) rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds financial statements for the unspent balance of categorical and earmarked educational program resources.

A schedule of revenue from State sources for the 2021-22 fiscal year is further described in Note 16.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

➤ **District Property Taxes**

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Sarasota County Property Appraiser, and property taxes are collected by the Sarasota County Tax Collector.

The Board adopted the 2021 tax levy on September 14, 2021. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Sarasota County Tax Collector at fiscal year-end but not yet remitted to the District.

Millage rates and taxes levied for the current year are further described in Note 17.

➤ **School Capital Outlay Surtax (Local Sales Tax)**

The citizens of Sarasota County, on November 4, 1997, approved a one-cent sales tax authorized under Section 212.055(6), Florida Statutes. The Board receives one-fourth of the one-cent sales tax. The surtax levy commenced on September 1, 1999, and remained in effect for a period of 10 years through 2009. The voters of Sarasota County approved the continuation of this tax effective September 1, 2009, which remains in effect for a period of 15 years through 2024.

➤ **Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

2. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State statutes and SBE rules in establishing budget balances for governmental funds as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and SBE rules.
- Appropriations are controlled at the function level within each fund (e.g., instruction, student support services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued.
- Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.
- The reported budgetary data consists of the original budget as well as the final appropriated budget after amendments approved by the Board.

3. INVESTMENTS

- The District's investment policy authorizes the following investments:
 - Savings accounts
 - Certificates of deposits
 - Intergovernmental investment pools
 - Money market mutual funds
 - State and/or local government taxable and/or tax-exempt debt
 - Securities of the United States Government including obligations of the United States Treasury
 - United States Government agencies
 - Federal Instrumentalities
 - Mortgage-Backed Securities
 - Repurchase agreements
 - Commercial paper
 - Corporate notes
 - Bankers' acceptances

- Investments are reported at fair value other than those using the Net Asset Value ("NAV") or amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations, other than those measured using the "NAV" as a practical expedient, are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).
 - Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.
 - Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
 - Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Notes to the Basic Financial Statements (continued)

3. INVESTMENTS (continued)

assumptions related to the pricing of the asset or liability including assumptions regarding risk.

- “NAV” - Investments in Florida Public Assets for Liquidity Management (FL PALM) represent \$939,108 and Florida Fixed Income Trust (FL FIT) represents \$35,840,951 in pooled investment programs (the “Program”). No specific investments are assigned to the District, rather the value of the District’s investment is equal to the total fund net asset value times the District’s units as a percentage of total units outstanding.

Any dividends or interest of the Program are reinvested. In addition, the District may withdraw either a portion of or its entire investment at any time in the Program. The District investment in Allspring Government Money Market Fund may not be withdrawn. There were no unfunded commitments related to the Program as of June 30, 2022.

- Amortized Cost - Florida PRIME is a 2a7-like pool, which is not registered with the SEC as an investment company, but nevertheless has a policy that it will, and does, operate as a qualifying external investment pool. Thus, this pool operates essentially as a money market fund. Florida PRIME has a Standard & Poor’s rating of AAAm at June 30, 2022 and is recorded at amortized cost.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. While the District believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

➤ **Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses from increasing interest rates. See table under concentration of credit risk for further detail on investment maturities.

Florida PRIME had weighted average days to maturity (WAM) of 28 days, FL PALM had a WAM of 25 days and FL FIT had a WAM of 33 days for cash pool and 163 days for enhanced cash pool at June 30, 2022.

3. INVESTMENTS (continued)

A *portfolio's* WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

➤ **Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments in money market funds to Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; Florida PRIME or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; and investments in interest-bearing time deposits to qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury.

The District's investments in the SBA Debt Service Accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by SBA for managing interest rate risk and credit risk on this account. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

As of June 30, 2022, the District's investments in the Florida PRIME, the Allspring Government Money Market Fund, and the FL PALM were rated AAAm by Standard & Poor's.

Obligations of United States Agencies and Instrumentalities totaling \$4,937,870, Federal Agency Notes of \$12,327,495 and United States Treasury Notes totaling \$77,664,839 were rated AA+ by Standard & Poor's.

Corporate notes ratings ranged from AA+ to BBB- by Standard & Poor's and Asset-Backed Securities and Supra-National Agency Bond/Notes were rated AAA by Standard & Poor's.

The FL FIT were rated AAAf/S1 by Fitch.

3. INVESTMENTS (continued)

The District's investment in United States Treasury Strips authorized under the supplemental trust agreement for the 2010A Qualified School Construction Bonds. The agreement authorizes the investment of the sinking fund amounts in certain eligible securities, including, without limitation, U.S. Treasury Strips and Notes and the Federal National Mortgage Association (FNMA), Federal Home Loan Mortgage Corporation and Farm Credit Banks. The eligible securities must have a maturity date that is on or before May 15, 2027. Disclosure of credit risk is not required for the District's investment in a United States Treasury Strip.

➤ **Custodial Credit Risk**

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

Section 218.415(18), Florida Statutes, requires the District to earmark all investments and 1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; 2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State of Florida (State), or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or 3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault. The District's investment policy addresses custodial credit risk in that all securities, with the exception of certificates of deposit, are held with a third-party custodian; and all securities purchased by and all collateral obtained by the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution.

The District's \$27,277,801 investment in the U.S. Treasury Strip was held in a custody account by the paying agent.

➤ **Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District has a formal policy that limits the amount the District may invest in any one issuer.

8. CERTIFICATES OF PARTICIPATION PAYABLE

The District entered into a financing arrangement on March 25, 2009. This arrangement was characterized as a lease-purchase agreement, with the Corporation whereby the District secured financing of various educational facilities in the amount of \$75,625,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2009, to be repaid from the proceeds of rents paid by the District. Advance refunded with Series 2016.

The District also entered into a financing arrangement on September 1, 2010. This arrangement was characterized as a lease-purchase agreement in the form of Qualified School Construction Bonds, with the Corporation whereby the District secured financing of various education facilities and equipment in the amount of \$43,026,000. The Qualified School Construction Bond financing was accomplished through the issuance of Certificates of Participation, Series 2010A, to be repaid from the proceeds of rents paid by the District.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA

8. CERTIFICATES OF PARTICIPATION PAYABLE (continued)

Qualified School Construction Bonds provide for a refundable credit from the United States Department of Treasury in accordance with Section 6431(f) of the Internal Revenue Code of 1986, as amended, equal to the lesser of the amount of interest payable with respect to the Certificates on such date or the amount of interest which would have been payable with respect to the Certificates on such date if such interest were determined at the tax credit rate otherwise applicable to such Certificates in accordance with the Code. The tax credit rate set by the Department on August 30, 2010 was 4.85 percent. This interest rate credit will be paid to the District with respect to the Certificates (the "Subsidy Payment").

Lease principal payments in the amount of \$1,889,238 are required to be deposited by the District into a sinking fund on an annual basis, and interest at the rate of 4.94 percent is paid semiannually. Sinking fund proceeds are invested and accumulate over the life of the issue, ending in a lump sum repayment to the leaseholders at maturity. The annual principal lease payment is adjusted as required based upon final investment earnings.

The District also entered into a financing arrangement on September 16, 2010. This arrangement was characterized as a lease-purchase agreement, with the Corporation whereby the District secured financing of various education facilities in the amount of \$70,070,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2010B, to be repaid from the proceeds of rents paid by the District. Advance refunded with Series 2016.

On April 28, 2016 the District entered into a financing arrangement (School Board of Sarasota County, Florida - Certificates of Participation, Series 2016), whereby the District partially advanced refunded the callable portions of the Series 2009 and Series 2010-B Certificates of Participation in the amount of \$68,365,000. The proceeds from the Series 2016 issue have been placed in escrow to pay the lease payments on the refunded certificates until the call dates of July 1, 2020 for the Series 2009 and July 1, 2020 for the Series 2010-B. The District was able to achieve \$3,857,154 of net present value debt service savings or 6.46 percent of the refunded par amount. This equates to approximately \$450,000 of annual savings through July 1, 2024 and \$183,000 on July 1, 2025. The lease principal payments are due on an annual basis on July 1 for the Series 2016 issue and interest at a fixed rate of 1.74 percent is paid semiannually on July 1 and January 1.

The District does not have any outstanding or unused lines of credit.

8. CERTIFICATES OF PARTICIPATION PAYABLE (continued)

As a condition of the above financing arrangements, the District has given a ground lease on District property to the Corporation with a rental fee of \$10 per year. The 2010A and 2010B leases have an original term extending to the date that the Certificates of Participation are paid, prior to July 1, 2021 for the 2010B certificates, and prior to July 1, 2027 for the 2010A certificates. The 2016 refunding (2009 and 2010B) have a term extending to the date the Certificates of Participation are paid, prior to July 1, 2027. If the District fails to provide for the rent payment through to term, the District may be required to surrender the sites and financed improvements to the Corporation.

The District properties included in the ground lease under this arrangement include:

Series 2010A Certificate of Participation (Qualified School Construction Bonds)

Booker High School

Series 2016 Certificates of Participation (Refunded Series 2009 and 2010A)

Atwater Elementary School
Sarasota County Technical Institute
Booker High School
Venice High School

The lease payments are payable by the District semiannually, on July 1 and January 1, with interest rates ranging from 1.74 to 4.94 percent. The following is a schedule by years of future minimum lease payments as of June 30:

Fiscal Year Ending June 30:	Direct Borrowing		Total

The various bonds were issued to finance capital outlay projects of the District.

The following is a description of the bonded debt issues:

➤ **State School Bonds**

These bonds were issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. Additionally, the State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2022, are as follows:

10. DEFEASED DEBT

In prior years, the Board defeased in substance certain outstanding bonds by placing a portion of the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old debt. Accordingly, the trust account assets and the liability for the in-substance defeased bonds are not included in the District's financial statements. As of June 30, 2022, the District does not have any debt considered defeased in substance.

13. FUND BALANCE REPORTING

There are two major types of fund balances, nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District does not have any nonspendable funds related to endowments. The District has inventories totaling \$844,348 and prepaid items totaling \$11,803,252 that are considered nonspendable.

Spendable fund balances are classified based on a hierarchy of spending constraints. The District has classified the spendable fund balances as *Restricted, Assigned, and Unassigned* and considered each to have been spent when expenditures are incurred.

13. FUND BALANCE REPORTING (continued)

- Restricted: The portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance. The District classifies most of its fund balances other than General Fund as restricted, as well as unspent State categorical and earmarked education funding that are legally or otherwise restricted. The District's restricted fund balance total is \$220,881,929 and represents \$10,109,862 for categorical programs; \$7,242,093 for grants and miscellaneous; \$5,558,328 for food service; \$29,214,213 for debt service; and \$168,757,433 for capital projects.
- Committed: The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision-making authority (i.e., resolution that is approved by a majority vote of the Board at a public meeting).

These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same action it employed to previously commit the amounts. The District does not report any committed fund balance.

- Assigned: The portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by an authorized government body or official, but the constraint imposed does not satisfy the criteria to be classified as restricted or committed. This category includes any remaining positive amounts, for governmental funds other than the General Fund, not classified as nonspendable, restricted, or committed. The District also classifies amounts as assigned that are constrained to be used for a specific purpose based on actions of the Superintendent and the Chief Financial Officer as authorized by Board Policy 7.101 and not included in other categories. The District's assigned fund balance total is \$7,999,668 and represents \$5,377,250 in district projects and \$2,622,418 school operating budget carryforwards.
- Unassigned: The portion of fund balance that is the residual classification for the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. The unassigned fund balance in the General Fund is \$69,031,492.

13. FUND BALANCE REPORTING (continued)

The District has adopted Board Policy 7.101 that provides a minimum fund balance in the General Fund of 7.5 percent of the financial condition ratio per Section 1011.051 of Florida Statutes. The ending financial condition ratio as of June 30, 2022 is 16.44 percent.

The following is a schedule of fund balances by category at June 30, 2022:

*Does not include Special Revenue-Federal Education Stabilization Fund and Debt Service-Other Debt Service, as these funds have a zero fund balance.

14. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

Encumbrances: Appropriations in governmental funds are encumbered upon issuance of purchase order for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2022:

Internal Service Funds	781	-
Total	<u>\$ 3,343,669</u>	<u>\$ 3,343,669</u>

Interfund receivables and payables are temporary loans of cash between funds allowable under Section 1011.09(2), Florida Statutes, for a period of less than 13 months. The temporary loans do not restrict, impede, or limit implementation or fulfillment of the original purposes for which the monies were received in the fund providing the advancement. All amounts will be repaid within the 2022-23 fiscal year.

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Interfund	
	Transfers In	Transfers Out
Major Funds:		
General	\$ 36,705,785	\$ -
Special Revenue:

18. STATE RETIREMENT PROGRAMS

Florida Retirement System- Defined Benefit Pension Plans. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost sharing, multiple employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS & HIS pension expense totaled \$8,387,039 for the fiscal year ended June 30, 2022.

FRS Pension Plan.

The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Plan (DROP) for eligible employees. Most employees working for the District are covered by this Plan. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Special Risk Class – Members in law enforcement.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Notes to the Basic Financial Statements (continued)
June 30, 2022

18. STATE RETIREMENT PROGRAMS (continued)

All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. Members who enrolled in the Plan on or after July 1, 2011 and become vested are eligible for normal retirement benefits at age 65 or at any age after 33 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision but there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, and death benefits and annual cost-of-living adjustments to eligible participants.

The DROP Program, subject to provisions of Section 121.091, Florida Statutes permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months.

During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

18. STATE RETIREMENT PROGRAMS (continued)

The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	% Value
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Special Risk Class</i>	
Service on and after October 1, 1974	3.00
<i>Elected County Officers</i>	
	3.00
<i>Senior Management Service Class</i>	
	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2021-22 fiscal year were as follows:

Membership Class	Percent of Gross Salary	
	Employee	Employer (A)
FRS, Regular	3.00	10.82
FRS, Special Risk	3.00	25.89
FRS, Elected County Officers	3.00	51.42
FRS, Senior Management Service	3.00	29.01
FRS, DROP	0.00	18.34
FRS, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(B) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$27,149,321 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a liability of \$45,935,611 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.608107516 percent, which was an increase of 0.048795448 percent from its proportionate share measured as of June 30, 2020.

18. STATE RETIREMENT PROGRAMS (continued)

For the fiscal year ended June 30, 2022, the District recognized pension expense of \$1,290,031 related to the Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 7,873,437	\$ -
Change of assumptions	31,431,423	-
Net difference between projected and actual earnings on FRS pension plan investments	-	160,257,802
Changes in proportion and differences between District FRS contributions and proportionate share of FRS contributions	15,494,980	3,418,169
District FRS contributions subsequent to the measurement date	27,149,321	-
Total	<u><u>\$ 81,949,161</u></u>	<u><u>\$ 163,675,971</u></u>

The deferred outflows of resources related to pensions, totaling \$27,149,321, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2023	\$ (18,593,686)
2024	(22,398,466)
2025	(30,575,257)
2026	(39,442,924)
2027	2,134,202
Total	<u><u>\$ (108,876,131)</u></u>

Actuarial Assumptions. The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	6.80 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed Income	20.0%	3.8%	3.7%	3.3%
Global Equity	54.2%	8.2	6.7%	17.8%
Real Estate	10.3%	7.1%	6.2%	13.8%
Private Equity	10.8%	11.7%	8.5%	26.4%
Strategic investments	3.7%	5.7%	5.4%	8.4%
Total	100.00%			
Assumed inflation - Mean			2.4%	1.3%

Note: (1) As outlined in the Plan's investment policy

Discount Rate. The discount rate used to measure the total pension liability was 6.8 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2021 valuation was stable 6.8 percent.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80 percent) or 1-percentage-point higher (7.80 percent) than the current rate:

	1% Decrease (5.80%)	Current Discount Rate (6.80%)	1% Increase (7.80%)
District's proportionate share of the net pension liability	\$ 205,427,132	\$ 45,935,611	\$ (87,381,417)

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan. At June 30, 2022, the District reported a payable of \$4,158,114 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2022.

HIS Pension Plan

The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA

18. STATE RETIREMENT PROGRAMS (continued)

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2022, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$5,030,719 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a net pension liability of \$98,417,311 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate share of the HIS plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021.

The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.802325708 percent, which was an increase of 0.005201425 percent from its proportionate share measured as of June 30, 2020.

18. STATE RETIREMENT PROGRAMS (continued)

For the fiscal year ended June 30, 2022, the District recognized pension expense of \$7,097,008 related to the HIS Plan. In addition, the District reported deferred outflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 3,293,292	\$ 41,221
Change of assumptions	7,733,398	4,055,044
Net difference between projected and actual earnings on HIS pension plan investments	102,597	-
Changes in proportion and differences between District HIS contributions and proportionate share of HIS contributions	4,927,434	3,460,309
District HIS contributions subsequent to the measurement date	5,030,719	-
Total	\$ 21,087,440	\$ 7,556,574

The deferred outflows of resources related to pensions, totaling \$5,030,719, resulting from District contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2022	\$ 2,127,047
2023	1,708,682
2024	1,182,043
2025	1,777,628
2026	1,409,871
Thereafter	294,876
Total	\$ 8,500,147

Actuarial Assumptions. The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	2.16 percent

18. STATE RETIREMENT PROGRAMS (continued)

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018. This is a change from the prior year mortality assumption which was based on the Generational RP-2000 with Projection Scale BB tables.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 2.16 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 2.21 percent to 2.16 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 2.16 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16 percent) or 1-percentage-point higher (3.16 percent) than the current rate:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
District's proportionate share of the net pension liability	\$ 113,779,945	\$ 98,417,311	\$ 85,831,068

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan. At June 30, 2022, the District reported a payable of \$901,093 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2022.

18. STATE RETIREMENT PROGRAMS (continued)

FRS-Defined Contribution Plan. Pursuant to Section 121.4501, Florida Statutes, the Florida Legislature created a defined contribution program called the Florida Retirement System Investment Plan (Investment Plan), which is administered by the SBA. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report. Employees may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Employees in the Investment Plan vest in their own contributions immediately and, after one year of service, in employer contributions and investment earnings. District employees participating in DROP are not eligible to participate in the program. This program is self-directed by the employee. The employees have the responsibility of selecting how their funds are invested within the approved set of investment choices and may take their funds when they leave the FRS. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on the same salary and membership class (Regular Class, Elected County Officers, etc.) as the FRS defined benefit plan. Contributions are directed to the individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the investment member's accounts during the 2021-22 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30
FRS, Elected County Officers	11.34

If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

18. STATE RETIREMENT PROGRAMS (continued)

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

There were 1,563 District participants in the Investment Plan during the 2021-22 fiscal year. The District's Investment Plan pension expense totaled \$6,313,569.

19. OTHER POSTEMPLOYMENT BENEFITS

The District follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for reporting the employers' OPEB Plan liability.

Plan Description. The Other Postemployment Benefits (OPEB) Plan is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who are not Medicare eligible and retire from the District and their eligible dependents may continue to participate in one of four self insured comprehensive plans for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The District does not provide any explicit subsidies for retiree coverage. Retirees are required to enroll in the Federal Medicare programs parts A and B for their primary coverage as soon as they are eligible. A retiree may also participate in the District's life insurance program that provides \$5,000 coverage reducing to \$2,500 at age 70. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or other entity. The OPEB Plan contribution requirements of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-funded or established a funding methodology for the annual OPEB expense or the net OPEB Plan liability, and the OPEB Plan is financed on a pay-as-you-go basis. No assets are accumulated in a trust that meets all of the criteria in GASB Statement No. 75, paragraph 4. A copy of the actuarial report provided by AON dated August 5, 2022 is available in the District's Finance Department.

19. OTHER POSTEMPLOYMENT BENEFITS (continued)

Benefits Provided. The OPEB Plan provides healthcare and life insurance benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above. The plan also provides all retirees with life insurance benefits as described above.

Employees Covered by Benefit Terms. At June 30, 2021, the following table provides a summary of the number of participants in the plan as of the measurement date:

	<u>Healthcare</u>	<u>Life Insurance</u>
Inactive Plan Members	212	2,321
Active Plan Members	<u>4,878</u>	<u>4,878</u>
Total Plan Members	<u><u>5,090</u></u>	<u><u>7,199</u></u>

Total OPEB Liability. The District's total OPEB liability of \$19,126,487 was measured as of June 30, 2021 and was determined by an actuarial valuation using census data as of July 1, 2020.

Changes in the Total OPEB Plan Liability. The following table shows the change in the District's OPEB Plan liability.

19. OTHER POSTEMPLOYMENT BENEFITS (continued)

The changes of assumptions or other inputs was based on the following:

- The discount rate was changed from 2.21 percent as of the beginning of the measurement period to 2.16 percent as of June 30, 2022.
- A change in the mortality improvement projection scale from MP-2020 to MP-2021.

Actuarial Valuation Date. For employee and retiree population purposes, June 30, 2020, was the most recent actuarial valuation date. For development of per capita cost purposes and for valuation purposes, July 1, 2020, was used as the effective date of OPEB Plan provisions.

Actuarial Valuation Methods and Assumptions. Actuarial valuations of an ongoing OPEB Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, future of pre-65 retirees enrollment in medical and life insurance plans and the healthcare cost trends. Amounts determined regarding the funded status of the OPEB Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The total OPEB liability actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Healthcare Cost Trend Rates	Pre-65 trend starts at 6.54 percent fiscal year 2021 gradually decreasing to an ultimate trend of 4.5 percent in fiscal year 2030.
Benefit-related costs	Retiree medical premiums assumed to grow at the same trend as pre-65 claims.

The Pub-2010 headcount weighted mortality tables for teachers, projected generationally from 2010 with Scale MP-2021, were used for the healthy population. The Pub-2010 headcount weighted mortality tables for disabled non-public safety employees, projected generationally from 2010 with Scale MP-2021, were used for the disabled population. These tables represent recent mortality experience of public retirement plans in the United States and were published by the Society of Actuaries' Retirement Plans Experience Committee (RPEC) in 2019.

Discount Rate. There are no invested plan assets held in trust to finance the OPEB Plan liability. The discount rate used equals the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average rating roughly equivalent to Standard & Poor's Corps AA as of the measurement date. For the purpose of the OPEB Plan valuation, the municipal bond rate was 2.16 percent (based on the daily rate closest to but not later than the measurement date of the "Bond Buyer GO 20-Bond Municipal Bond Index"). The discount rate was 2.16 percent as of the beginning of the measurement period.

Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate. The following presents the District's OPEB liability calculated using the discount rate of 2.16 percent, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16 percent) or 1-percentage-point higher (3.16 percent) than the current rate:

20. RISK MANAGEMENT PROGRAMS

The District has established a cafeteria plan under Section 125 of the Internal Revenue Code whereby the District will purchase various insurance products for the employee. In addition, an employee may purchase additional insurance, which qualifies for salary reduction under Internal Revenue Service guidelines. The cafeteria plan is accounted for as an Internal Service Fund.

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage, certain dental benefits and medical benefits contained within the District's cafeteria plan, are being provided on a self-insured basis up to specified limits.

The District has contracted with an insurance administrator to administer the workers' compensation, medical benefit, pharmacy benefit and dental benefit self-insurance programs, including the processing, investigation, and payment of claims. The District has entered into an insurance agreement for their medical benefit program to provide stop loss coverage on specific medical and prescription drug claims in excess of \$750,000 with unlimited specific annual or lifetime maximum eligible expenses per covered person including retirees. The District has entered into an insurance agreement for their workers' compensation plan to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis and aggregate excess coverage up to \$25 million.

For automobile and general liability coverage the District depends on the Florida Sovereign Immunity Act, Section 768.28, Florida Statutes, to limit its potential tort liability to \$200,000 per person or \$300,000 per occurrence.

Property protection, employee blanket crime, and other coverages deemed necessary by the Board are provided through purchased commercial insurance. Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past three fiscal years.

On February 19, 2019 the Board approved the District to join the Florida School

Retiree Benefits Consortium (FSRBC) with an effective date of January 1, 2020. Medicare eligible retirees who were on our medical, dental and vision plans moved over to the FSRBC. The FSRBS is beneficial to the retiree, as well as the District. FSRBC provides retirees with more benefit plan options, administrative support and same or better premium rates.

A liability in the amount of \$12,454,364 for the workers' compensation, the general liability, the automobile liability, the dental liability, and the health insurance funds was actuarially determined to cover estimated incurred but not reported insurance claims payable at June 30, 2022 and is net of excess insurance recoverable on unpaid claims. A liability in the amount of \$125,286 relates to the District's cafeteria plan fund. Non-incremental claims expense has been included as part of the liabilities.

The following schedule represents the changes in claims liability for the past three fiscal years for the District's self-insurance program:

Fiscal Year	Beginning of Fiscal Year Liability	Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
2019-2020	12,347,497	54,313,975	(54,414,279)	12,247,193

21. LITIGATION

The District is contingently liable with respect to lawsuits and other claims that arise in the ordinary course of its operations. Management believes that any liability arising from such claims would be immaterial to the financial statements.

22. CONTINGENCY

The District receives grant funds from the Federal government. Certain expenditures of these funds are subject to audit by the grantor, and the reporting entity is contingently liable to refund amounts received in excess of allowable expenditures. In the opinion of the management of the District, no material refunds will be required as a result of expenditures disallowed by the grantors.

The District has evaluated subsequent events from July 1, 2021 through December 12, 2022, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued

On December 15, 2022 the District is issuing \$117,205,000 Certificates of Participation (COPS) 2022A. The Series 2022A Certificates are being issued to provide funds for the purposes of financing or reimbursing the School Board for the cost of the acquisition, construction and installation of a new K-8 School at Clark and Lorraine and a classroom addition and renovation to Gocio Elementary School. Moody's Investors Service (Moody's) upgraded the District to Aa1, and assigned an underlying rating of "Aa2" to the Series 2022A Certificates.

^a Changes in property tax revenues are a product of underlying changes in property values and tax rates.

^b Change in Net Position in 2013 due to an increase in charter school payments due to enrollment growth and salary and benefits expenses from the 2011-12 reinstated furlough days and a one-time compensation adjustment.

^c Change in Net Position in 2015 was due to the implementation of GASB 68 and 71 and increase in property tax revenues.

^d Change in Net Position in 2016, 2017 and 2020 was due to increase in property tax revenues.

^e Change in Net Position in 2018 was due to an increase in salary and benefit costs due to a negotiated salary settlement offset by an increase in state funding of the Best and Brightest Teacher Scholarship program and property tax revenues.

^f Decrease in investment earnings due to the decrease in fair value of investments of \$7,605,966 offset by investment earnings \$1,185,431.

^g Change in Net Position in 2022 was attributed to additional ESSER II grant received in 2022 and increase in property values.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, the majority of taxes are collected in the fiscal year levied.

Schedule of Findings and Questioned Costs

Summary Schedule of Prior Audit Findings – Federal Awards

**Report of Independent Auditor on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

To the Honorable Members
School Board of Sarasota County, Florida
Sarasota, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School Board of Sarasota County, Florida (the "District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 12, 2022. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditor on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Honorable Members
School Board of Sarasota County, Florida
Sarasota, Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited School Board of Sarasota County, Florida's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHOOL BOARD OF SARASOTA COUNTY, FLORIDA
Schedule of Expenditures of Federal Awards
For the Fiscal Year End June 30, 2022

Notes:

- (1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Sarasota County District School Board under programs of the Federal Government for the fiscal year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.
- (2) Summary of Significant Accounting Policies. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) Indirect Cost Rate. The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

Independent Auditor's Management Letter

To the Honorable Members
School Board of Sarasota County, Florida
Sarasota, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School Board of Sarasota County, Florida (the "District") as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 12, 2022. We did not audit the financial statements of the aggregate discretely presented component units; those financial statements were audited by other auditors.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Report of Independent Auditor on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and Report of the Independent Accountant on Compliance with Local Government Investment Policies. Disclosures in those reports and schedule, which are dated December 12, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings or recommendations were made in the preceding annual financial audit report.

Financial Condition and Management

Section 10.804(1)(f)2., Rules of the Auditor General, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5.a, and 10.805(7) Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information proved by same.

Section 10.804(1)(f)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Section 10.804(1)(f)6., Rules of the Auditor General, requires that we communicate the results of our determination as to whether the District maintains on its Website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., Rules of the Auditor General, requires that us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that has occurred, or is likely to have occurred that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

**Report of Independent Accountant on Compliance
with Local Government Investment Policies**

To the Honorable Members
School Board of Sarasota County, Florida
Sarasota, Florida

We have examined the School Board of Sarasota County, Florida's (the "District") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2022. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2022.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.
