

Sarasota Middle School

A Technology Ready College and Career School

Janel Dorn, Principal

Kira Walsh, Assistant Principal

Stacey Loos, Assistant Principal

June 2018

Greetings Panther Parents and Guardians,

We are happy to announce that Sarasota Middle School teachers will use IXL in both English/Language Arts and Mathematics. IXL reinforces daily classroom curriculum. IXL is an online learning site that provides unlimited practice in over 6,000 topics, with immediate feedback to the user. Our students and teachers have utilized this program for many years and believe it to be an invaluable resource.

IXL allows SMS to individualize the learning experience for students so they can work at their own pace to master the standards and material we cover. Teachers will create a personal account for each child so that he/she can access IXL from any computer for one year. Specialized tasks can be assigned to help students fill in gaps or accelerate where ready!

SMS teachers find this to be an impactful online program and we appreciate your \$20 donation. Together the Math and English departments recommend a voluntary \$20 donation per child for this supplemental resource. Please submit payment (cash or personal checks payable to Sarasota Middle School), using the attached envelope and form below.

Together in Learning!

Marta Boyle, English/Language Arts Department Chair

Corinne Bezdek, Math Department Chair

We are happy to support SMS in donating twenty dollars for IXL.

Our donation of twenty dollars is enclosed. Family name _____
