

LAMARQUE PAWPRINT

FALL 2023-24

MR. THOMPSON'S MESSAGE

Hello Lamarque Families and welcome to the 2023-2024 School Year!

We are excited to launch our new theme for the year, "**Racing to Success**" You will notice many of our communications and events tied to this theme. We are "Cruising towards" our shared commitment to student achievement and it will show in all we do at Lamarque.

We will start this year with introducing expectations, setting goals, and reviewing our compact with students and families. We teach our students about **R.O.A.R.S.** (Respect, Organization, Acceptance, Responsibility, and Safety! As a PBIS Model school, we pride ourselves on how we celebrate positive ROARS behaviors and focus on interventions that support all students.

During the 1st Quarter your child's teacher will complete a conference with the intention of not only engaging students, but also families. The **S.T.E.P.** (Students & Teachers Engaging Parents) approach focuses on embracing both the students and families as partners in learning. Your child's teacher will schedule days and times in the coming weeks.

During the 1st quarter your child will participate in the **F.A.S.T.** (Florida Assessment of Student Thinking) progress monitoring in both Reading and Math. This information along with teacher observation, helps us create a unique learning plan for your child. Your child and their teacher will then set goals for each quarter and school year.

It is important that you review these goals regularly with your child, so they see the value of their work and efforts throughout the year.

Our entire Lamarque staff are looking forward to supporting you and your child this year. Your partnership is greatly appreciated.

It's time to "Race to Success!"

IMPORTANT DATES

10/12 End of Quarter 1

TITLE I @ LAMARQUE

Title I is a federally funded program that provides financial assistance to school districts and schools with high percentages of children from low-income families to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and state academic assessments

**Help us maintain our Title Funding-
Complete the application today!**

TITLE I FUNDS PROMOTE

- High academic achievement for all children
- A greater focus on teaching and learning Flexibility to foster local initiatives coupled with responsibility for student performance Improved connections among schools, parents, and communities Parents may find one or more of the following in a Title I school Intervention classes providing intensive assistance in reading, math, writing, and/or science
- Additional resource teachers and paraprofessionals/assistants who are highly qualified
- Additional training for school staff
- A variety of teaching methods and materials Special learning events for parents and families offered in multiple languages
- Training for parents and families to help their child/children do better in school
- Extended day and year programs such as before and after school tutoring and/or summer programs (SLA)

Lamarque Elementary's Mission Statement

"Through active partnerships, the Lamarque family will engage students in meaningful, innovative, and rigorous learning focused on empowering individuals to become global learners."

As a parent/guardian of a Lamarque Elementary School student, it is my responsibility to:

- Promote and support my child's regular attendance and punctuality. **Every Day Counts!**
- Make sure my child is in uniform daily and **Dressed for Success!**
- Ensure there is a quiet and organized workspace at home for reading and homework.
- Foster the acceptance of differences by modeling kind words and actions.
- Communicate with teachers and staff using folder, agenda, and **Family Access Portal**.
- Assist my child with at-home practice so they can reach their learning goals.
- Reinforce the school expectations at home to maximize learning and safety.
- Participate in school activities and engage in my child's scheduled conferences.
- Support my child's education by following the **R.O.A.R.S. Compact!**

As a staff member of Lamarque Elementary School, it is my responsibility to:

- Be available to students and ensure open communication with families.
- Maintain a positive, organized, and orderly learning environment for students.
- Accept and celebrate individual student strengths and differences.
- Plan for learning experiences aligned with curriculum guidelines to ensure student achievement.
- Establish and monitor CHAMPs expectations, classroom rules, and procedures for students.
- Create a positive environment where students can set goals and create a plan for learning.
- Assist families in helping their child become more independent and responsible for their learning.
- Support our students and families by following the **R.O.A.R.S. Compact!**

As a student of Lamarque Elementary School, it is my responsibility to:

- Attend school daily and on time. **Every Day Counts!**
- Follow uniform policy. **Dress for Success!**
- Maintain a clean and organized workspace at school and at home.
- Be honest, use kind words, and accept everyone's differences.
- Show folder and/or agenda to your parents, guardian, and **teacher** for signature when needed.
- Complete all classroom and home assignments so I can reach my learning goals.
- Follow all the CHAMPs expectations to maximize learning and safety.
- Support my growth by following the **R.O.A.R.S. Compact!**

LAMARQUE'S HOME-SCHOOL R.O.A.R.S. COMPACT

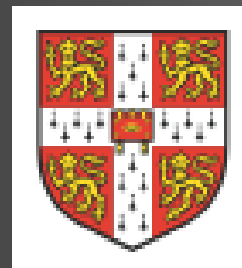

Lamarque Elementary offers the Cambridge program which promotes a unique instructional system throughout our K-5 classrooms.

Cambridge opportunities include:

- Global Perspective in Specials (GPS)
- Cambridge Scholars Placement
- Global Perspective Challenges- Projects & Exhibitions
- Cambridge aligned extension and enrichment during WIN time.

Cambridge International

As a global organization with a 160-year history as part of the University of Cambridge, Cambridge International partners with schools and districts around the world with a shared goal of making education transformation a reality. Cambridge International is a growing presence in the United States—currently partnering with schools in states across the country.

**Click here to find
out more**

As a school that offers the Cambridge International program, Lamarque is part of a global network that uses the Cambridge Pathway to build students' knowledge and skills in preparation for higher education and careers. The Cambridge Pathway prepares students for life – helping them to develop an informed curiosity and lasting passion for learning.

Through this program we teach students to become confident, responsible, reflective, innovative and engaged. Cambridge learners are ready to tackle the demands of tomorrow's world and are capable of shaping a better world for the future.

SUMMER *Learning Academy*

Lamarque's Summer Learning Academy was a huge success this year.

The Summer Learning Academy was originally designed with one purpose in mind, it was to help incoming Kindergarten students acclimate to a school setting and get an understanding of what a school day would be like in the Fall. Over time, the program was extended to include incoming 1st and 2nd grade students. SLA ran from June 5th to July 20th and the purpose was then to help prevent the Summer Slide. Today, the program in many other schools goes up to 5th grade. Here at Lamarque, we are focused on students up to 3rd grade.

Thank you so much to all the teachers and staff who contributed to making it the best one ever!

There were so many amazing learning opportunities this summer for our students...including our very own medical school! Students had the opportunity to assemble and examine each other with their very own stethoscopes, complete an assessment, and learn all about the human body.

Dr. Luke's ESY class had great fun cooling off after all their hard work.

SPOTLIGHT ON...

BEHAVIOR SUPPORT TEAM

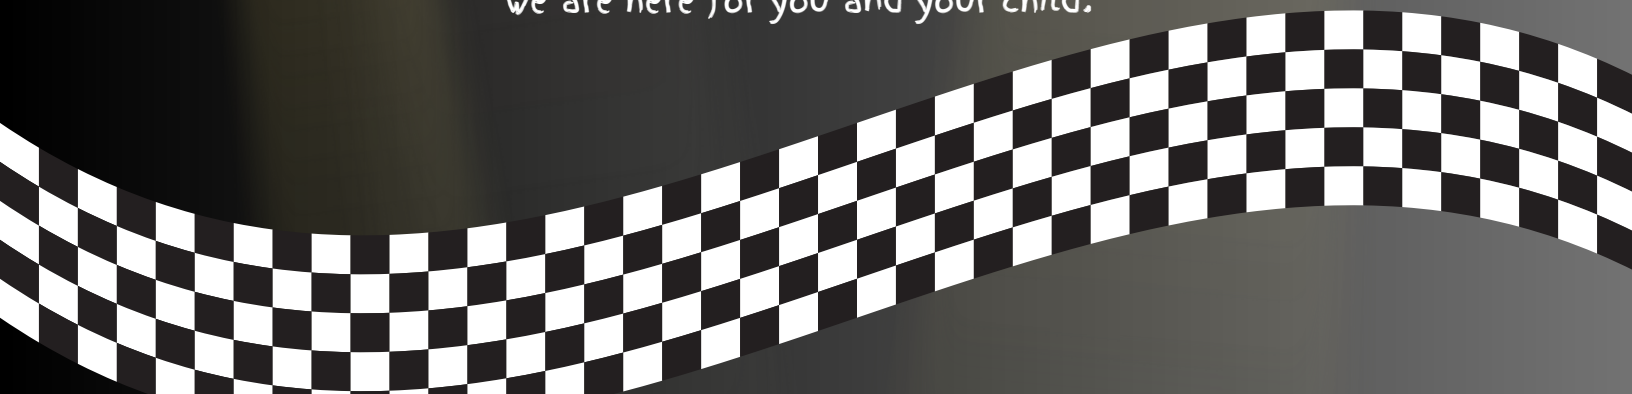

Excited to announce - Lamarque's Support Team!!!

Our Lamarque Support Team provides support to students, families and staff. Our support team consists of two school counselors, Ms. Hughes in Pre -K to 2nd and Ms. Jenkins in 3rd - 5th. We also have a school social worker/home school liaison, Ms. Vance.

We have two ESE Liaisons, Dr. Purdin and Ms. Durish. Lamarque Elementary has a behavior team on campus, which consists of two behavior specialists, Ms. Disney and Ms. Morales and 3 behavior techs: Ms. Lebo, Ms. Tilton and Mr. Floyd.

Please reach out whenever a need arises,
we are here for you and your child.

SPOTLIGHT ON...

PRE- K

KINDERGARTEN

IN THE PRIMARY GRADES, WE ARE BUSY MAKING SURE OUR LION CUBS FEEL SAFE AND LOVED TO START OFF THE SCHOOL YEAR.

FIRST GRADE

WE ARE WORKING ON ROUTINES AND HOW TO BE A GOOD FRIEND!

SPOTLIGHT ON...

SECOND GRADE

Second graders are racing into school and up the stairs to the second floor with the upper elementary classes. With the move up to second, there comes more responsibility and accountability.

This year we will focus on developing our mental math strategies so that we can move into three digit mathematical problems along with 2 step word problems.

In ELA, we are working on developing and strengthening independent reading skills by focusing on chunking parts of words to decode instead of sounding out each letter and reading for understanding.

In writing we will use a deeper understanding of what we read to become better writers.

In second grade we will focus on writing expository and opinion pieces of writing that are 2-5 paragraphs in length by the end of the year.

We have some exciting topics in science this year. We will begin with introducing the scientific process and the process of doing science investigations. Through the year we will also investigate Earth surfaces, different forms of energy, changing matter, part of the human body, and animals and their habitats.

2nd Grade Pit Crew

In Social Studies, second graders build on the skills they learned in 1st. We will further develop our map skills, reading and designing different types of maps. We will research and compare different Native American tribes and learn about primary & secondary sources and timelines. We will use these documents to learn about immigration to America and compare how life was different in the colonial times, to how we live today.

We are looking forward to getting to know all our new second graders, watching them grow and develop emotionally, socially and academically. It is going to be an AMAZING year!

SPOTLIGHT ON...

THIRD GRADE

This year, 3rd graders are ready to "spread their wings" and soar into 3rd grade!

During quarter 1, students will get a chance to show what they know, establish their goals, and gear up for a fun year of learning. We will be polishing up our reading skills and reading to understand.

We will practice expectations and routines as well as build a community in our classrooms to form a strong foundation.

Topics like Earth and Space, reading maps, character development, and animal adaptations are just a glimpse of students will be researching at the start of the school year. The third grade teachers are excited to welcome the new and smiling faces for 2023-2034 academic year!

3rd Grade pit Crew

SPOTLIGHT ON...

FOURTH GRADE

It's that exciting time of the year again - the back-to-school season is here, and we couldn't be more thrilled to have each and every one of you back in our fourth-grade community. Whether you're returning or joining us for the first time, get ready for a year filled with exploration, learning, and unforgettable experiences. We hope you've had a fantastic summer filled with fun, adventure, and relaxation.

Now it's time to dust off those backpacks, sharpen those pencils, and get ready for an amazing year of learning, growth, and friendship. Get ready to dive into the world of words, stories, and creative writing in ELA.

From thrilling adventures to persuasive essays, your language arts journey is about to take off! In Science and Social Studies, we unravel the mysteries of our planet, ecosystems, and the history that shaped Florida. From mangroves to manatees, our state has so much to offer! Math will become not just understandable but FUN as we tackle making sense of multiplication, division, fractions, and more! We can't wait to witness your achievements and watch you shine like the Florida sun!

4th Grade Pit Crew

SPOTLIGHT ON...

FIFTH GRADE

Welcome to 5th Grade! It's going to be the best year and a fantastic end to the elementary journey. We have some special events planned throughout the year that will have the students excited about learning and give them opportunities to enjoy themselves socially.

5th Grade Pit Crew

We are starting the year off fostering a love for all things math! Students will be engaged in reviewing previous grade concepts through teacher instruction, turn and talks, partner work, and games.

In reading, we are starting the race to success with fiction texts focusing on discussing character's perspectives. The year will also begin with exciting read alouds; some classes will read Kensuke's Kingdom while others will read Charlie and the Chocolate Factory.

The race through science will begin with nature of science standards. Students will learn all about the different types of investigations and how to conduct their own experiment for the STEM Fair.

We are thrilled to start our engines and keep the momentum going throughout the year! We are racing towards success this year at full speed!
