www.scholarships.com

www.tuitionfundingsources.com

Institutional Scholarships are a very large source of scholarships which are given out by the College or University where a student has been accepted—check with the college office of financial aid.

Look through the Scholarship Binder located in the Guidance Office

Many corporations, unions and banks have scholarships for children of employees

Many civic organizations have scholarships for children of members and non-members

Remember: scholarships will not come looking for you—you have to look for them!
