

**What is your commitment to youth education in our community?**

**Suncoast Polytechnical High School needs your help!**

The Officers and Class of 2022 are coming to you for your support. Suncoast Polytechnical High School (SPHS) is one of a few select magnet schools of its kind in the country providing a unique learning experience for college prep and career focused students. It is our goal to present the school with a gift; to give the upcoming graduating class seed money for their events; have SPHS students graduate at the Sarasota Opera House and establish the alumni fund. Becoming a sponsor of our school could potentially put your business in front of 1,000+ new customers all year long while giving back to and investing in your local community and youth education! The due date for any of these great opportunities is April 1, 2022.
