**School Insurance of Florida, Inc. will ship enrollment materials by UPS directly to every school the week of July 26<sup>th</sup>. The material for high school football programs will be delivered to the schools the week of July 12<sup>th</sup>. Please make certain that someone is available at your school to receive the shipments.**

The program does not require school staff to collect the insurance premiums. Online enrollment is highly recommended, as it provides the capability of printing an ID card as proof of coverage. This is especially helpful for student athletes who need to show proof of coverage before being permitted to participate in any athletic program. If the parent is not able to enroll online, all enrollment forms and premiums are mailed directly to the servicing agent by the parents. Please be sure to read all the enrollment materials you receive, in order to familiarize yourself with the program.

It is important that this program be offered to all students attending your school, and especially students participating in interscholastic athletic programs. Please ensure that all students receive a brochure at the beginning of the school year. **The enrollment material should be given to all transfer students and new arrivals during the school year.**

Please remember that injuries to students participating in interscholastic football are not covered under the regular Student Accident Insurance Policy. These student athletes should elect to be covered under the appropriate special policy. If students participating in interscholastic sports do not enroll in one of the Student Accident Insurance plans, they must provide a signed statement from their parents/guardians certifying that the student is covered under a major medical plan and they wish to waive the district offered plan.
