Dear Pine View Elementary Families,

I want to take this opportunity to introduce myself and welcome you to Pine View for the 2020-21 school year. It is a rare opportunity that an educator finds themselves a part of the best Elementary school in the country and I feel fortunate to be given this opportunity to serve the students, families and staff here as Pine View. The beginning of school is always an exciting time as we reunite with friends and families and this year will be no exception.

I would like to begin with an assurance that we are doing everything possible to ensure everyone's safety while at the same time maintaining the high educational standards that are the custom at Pine View. The staff and administration have worked all summer on a plan that takes into consideration all aspects of safety and learning. Make no mistake the safety of the children is our first concern. We will as always work through any issues with our students, families and staff as they arise.

In selecting your child's class assignment, we took into consideration prior knowledge of each student's needs and learning styles. Please visit your teacher's web site and make sure all summer work has been completed. Summer work can be found on the Pine View home page. Click on Academics and Admissions and the summer Curriculum is the top link.

Meet the Teacher will be Friday, August 28th and it will look a little different this year. Each classroom will hold a zoom meeting and the link and password will be provided in advance. Each classroom teacher will have more information as to how the student day will look and the opportunities this year will provide.

I look forward to meeting each of you in person and working with all the families here at Pine View. This is an amazing school and it is due to the students, families, and staff that come here every day to be part of something special.

Sincerely,

Roy Sprinkle
