

## MIRACLES

by Brooke Christian Schulte, EEB Staff September 11, 2001

Like a Dream...

The President is coming to Emma E.

It's about time!

Now he may see that we are  
no ordinary school.

Now the WORLD

can see the MIRACLES

that occur day to day,

month by month,

year after year at Emma E.

Now he and the world may feel our energies and

see the HEART that we put into our jobs

Now he and the world may see our DREAMS for a  
stronger tomorrow instilled in our students.

HOPES

PRAYERS

DREAMS

but mostly MIRACLES at Emma E.

For a miracle occurs when a dream is realized.

A miracle occurs when a child reads their first word.

A miracle occurs when the non-writer writes their first essay and  
.....smiles in pride at their accomplishment.

A miracle occurs when a teacher motivates the unmotivated.

A miracle occurs when a child decides what they want to be when they grow up.

A miracle occurs when a child will not close their chapter book in  
.....anticipation of what will happen next.

A miracle occurs when children...

and teachers

and staff

and administration

and parents

and the community

get together with one goal in mind...

to perform MIRACLES.

The tragedy of the Twin Towers will live in our hearts forever.

As we pull ourselves together we must come together with one common goal...

To appreciate what we have NOW

the opportunity to teach...

the opportunity to feel appreciated...

the opportunity to extend our hearts to those around us

without judgment but instead with open arms and a smile of acceptance.
